WILSON TALKS TO N. Y. PRESS CLUB

Questions Ability of Progressives to Carry Out Their Policies

DISCUSSES THREE PARTIES

Tariff Receives the Governor's Attention in Two Speeches in Gotham—Advocates Pure Food Legislation.

New York, Sept. 9.—The tariff received the attention of Governor Woodrow Wilson in two speeches in New York City today. He opened a tariff exhibition with Democratic headquarters and addressed an open air meeting in Union Square.

In conference with the Democratic foreign managers, the Governor discussed plans for speaking tours, and two trips to the West were planned. He also conferred with advocates of pure food legislation and evolved a plan for organizing pure food advocates into an association to work for Democratic success in November. Tonight the Governor spoke at the New York Press Club.

At the tariff exhibit Governor Wilson said:

"We are preventing the prosperity of the United States, for you will observe that articles of American manufacture are sold much cheaper in other countries than we can buy them, which shows that America already is able to compete in foreign markets at the same time taxing ourselves."

To his auditors in Union Square Governor Wilson said:

"I would hesitate to advocate radical reductions in our tariff schedules if I thought it would interfere with the prosperity of the average American, but I believe it will double and treble our prosperity."

Governor Wilson declared that in the main protected industries paid less wages than unprotected industries.

Governor Wilson pointed to an advance of from 30 to 40 per cent. advance in the price of meat within the last 10 years and to the fact that in the same period, the same meat in London had stood absolutely still.

"And England is not big enough to produce the meat she consumes," he said, "but has to get it from America and South Africa, and in spite of that she buys American meat in London 30 or 40 per cent. cheaper than we buy it in New York. Don't you think somebody is putting it over on us?"

The woolen industry, Governor Wilson characterized as one of the most protected in this country, and he pointed to the workers in the mills in Lawrence who get an average wage of $8 a week.

"You know without my telling you that you cannot support yourself well," the Governor declared, "much less a family on $8 per week and those starvation wages from the point of view of the American cost of living were paid in one of the most protected industries of America.

"Will you hereafter patiently stand still and advocate a schedule which contains the wool text schedule, telling you with brains in your head that the American working man is benefitted by the protective tariff?

"I want the men out of a job to know that there are fewer jobs in America because of the tariff, because the great combinations limit the output, limit the production and limit the number of those who produce.

"If the protective tariff were relieved at a great many points, American industry would take on a new size and speed. There would be a bigger market for American labor than there is now. There would be a greater variety of enterprise and the skill of American workmen would dominate the markets of all the globe.

"I would hesitate to advocate radical reductions in our tariff schedules if I thought those radical reductions were going to interfere with the prosperity of the average man in America. But I don't. I believe they are going to double and treble this prosperity. We are hampering our industry at the very time that it is panting to be let free. American industry is now in a straight jacket and some force is going to break that restraint."

Governor Woodrow Wilson in an address before the New York Press Club tonight questioned the ability of leaders of the Progressive party, if elected to carry out any part of the policies of its platform. Much of the speech was devoted to an analysis of the Progressive party plans, although he gave some attention to the record of the Republican party and predicted a victory for united Democracy. He said in part:

"I have come here tonight for the purpose of discussing just a candidly as possible the political situation, and I hope that in doing so I shall do injustice to no one. I am not one of those who believe that the right tactics in politics is to depreciate the men you are opposed to and belittle and misrepresent the forces with which you have to contend. It ought to be a frank, straightforward, and fair determination of what it is we are to agree upon and do, and how we are to do it in the great field of our common action. My feeling about my own candidacy for the Presidency

WAR DEPARTMENT IS READY TO ACT

Library of Congress

Prepares for Any Emergency That May Arise in Mexican Situation

SPECIAL SESSION IS LIKELY

President Taft May Call on Congress to Pass on Iterventon—Activities of the Rebel Leaders Continue. The Situation Tense.

Washington, Sept. 9.—The tensity of the situation along the Mexican border was reflected here today by the continuation of preparations for any emergency, principally the possibility of President Taft calling a special session of Congress to pass upon the question of intervention.

With the border patrols strengthened by additional cavalry and other troops practically upon their arms at posts throughout the West, ready to move at an hour's notice, to supplement the forces on the Arizona and New Mexico frontier, War Department officials felt they had the situation well in hand for the present, but were apprehensive of the next move of the rebel general, Salazar, encamped within sight of the United States troops, protesting he meant no harm, but believed to be planning another raid into American territory.

In anticipation of a raid by Salazar, Major Rice with three troops of cavalry is encamped near the rebel leader. Outposts have been established by both sides. Major Rice is concentrating his command, but the border is being patrolled by armed cowboys, acting as scouts.

Brigadier General Murray, commanding the Western division, has instructed Brigadier General Schuyler to utilize all the troops at Fort Huachuca, Arizona, and has dispatched two troops of cavalry to Apache, to strengthen the patrol. General Murray reports more troops are needed and suggests that part of the Ninth cavalry, on the way from Fort D. A. Russell, Wyo., be assigned to his command.

The rebels are reported threatening the city of Torreon.

A late report to the State Department said a large force of Federals had arrived at Cananea, and that American lives and property were safe. The 1,000 rifles and 200,600 rounds of ammunition destined to the Americans there, but held at Douglas, Arizona, probably will go forward in a few days. It is believed the railroad to Cananea will be repaired soon.

Army officers hesitate to believe that the Mexican government can throw forces into the State of Sonora to put down the uprising there with any promptitude.

American Shot at Ojinaga

Marfa, Texas, Sept. 9.—Ojinaga, Mexico, opposite Presidio, Texas, is being attacked from two sides by 400 Mexican rebels. The battle commenced at 3 o'clock this afternoon. A bullet from the Mexican side struck an American at Presidio piercing his hip. A party of United States officers left Marfa for the scene of the engagement early tonight. Marfa is 50 miles from the border.

General Sanchez is in command of the Federals defending Ojinaga.

BUMPER CROPS PREDICTED

September Report Indicates Most Bountiful Harvest

Washington, Sept. 9.—Bumper crops of corn, white potatoes, Spring wheat oats, barley, rye and buckwheat, were forecasted today by the Department of Agriculture in its September report.

Corn probably will reach 2,995,000,000 bussels, exceeding the record crop of 1906 by about 68,000,000 bushels.

The potato yield this year it is estimated, will be 398,000,000 bushels, over-stepping the bumper crop of 1909 by about 9,000,000 bushels.

Spring wheat crop probably will be 300000,000 bushels, 8,000,000 bushels over the record of 1908.

The harvest of oats, according to the report, will be 1,290,000,000 bushels, exceeding the record crop of 1919 by 104,0000,000,000 bushels.

The crop of rye will be, it is believed, about 3,000 bushels greater than the record crop of 1910, buckwheat about 400,000 bushels higher than the record crop of 1910 and flax will almost reach the record crop of 1902.

Secretary MacVeagh has under consideration suggestions that the Treasury Department distribute some of its surplus funds among the National banks to be available for the movement of crops during the next few weeks.

San Francisco, Cal., Sept. 9.—In a contest characterized by great gameness on the part of the defeated man, Frankie Burns, of Oakland, eliminated "One-Round" Hogan, of San Francisco, as a lightweight possibility by knocking him out in the 10th round of their fight today. As early as the third round, Burns proved himself Hogan's master, sending him to the mat four times in this round.

COTTON INDUSTRY NOT INDEPENDENT

President of National Association Talks on Effect of Tariff

SAYS TARIFF BOARD HELPS

Gov. Simeon E. Baldwin and Mayor Mahan Welcome Textile Men to New London—Sem.-Annual Meeting—Tariff is Discussed.

New London, Conn., Sept. 9.—With addresses of welcome by Governor Simeon E. Baldwin and Mayor Bryan F. Mahan, the semi-annual meeting of the National Cotton Manufacturers' Association was formally opened here tonight.

In discussing the problems of the association, President Edwin Farnham Greene, of Boston, aid special stress on the effect of politics and the tariff on the cotton industry.

"It is perhaps unfortunate that the textile industry is so dependent upon the protective tariff," said President Greene. "Whether we shall ever be in a position to be independent of it is a question. For the present, at least, we are facing an inevitable tariff revision, which, if done wisely, can only help the stockholders and operatives alike. On the other hand, any radical reduction which would seriously disturb the present conditions, would, I sincerely believe, be almost disastrous to our industry and the country at large.

"Apparently, there is a growing feeling in both parties that a tariff board of some sort can very materially aid Congress and the President in tariff legislation, and I sincerely hope that which ever is in power justice will be done to all industries by establishing some permanent board or bureau that can, in an impartial way, present to Congress and the public the real facts that should influence and shape tariff changes."

MOUNTAIN HIGHWAY.

Mr. Vanderbilt Donates Pisgah Road? Other Improvements.

(Special Star Correspondence.)

Asheville, N. C., Sept. 9.—There is a report, which has neither been confirmed nor denied, that George W. Vanderbilt has given, or is contemplating giving to the State his Pisgah road, from Candler to the top of Pisgah mountain for the Crest of the Blue Ridge Highway. If this is true it means much for this road, and there would be reason for hope that the highway might be completed comparatively soon. And if it is true it is all the more reason why the road which Mr. Howland graded several years ago from Overlook park, a distance of 12 miles toward Craggy, should be put in shape for use. Forty miles of the crest of the Ridge Highway was opened to automobilists last Summer and it is expected that 15 miles more will be completed the present Summer. This, taken with the Grove autoway, which is naturally a part of the highway and the good roads of Buncombe county, if Mr. Vanderbilt has donated the Pisgah road to the Crest of the Blue Ridge Company, it can readily be seen that there is over 100 miles of this road either built or provided for.

The 12-mile strip graded by Mr. Howland from Overlook to Bull Gap has grown up in bushes, but estimates have been made that the stretch can be put in shape for $2,000. It would seem that the various civic and semi-civic organizations of the city would take steps to see that this stretch is completed, especially if there is reason to believe that Mr. Vanderbilt has given or will give his road, as this would give Asheville the greatest stretch of completed highway.

MRS. JNO. R. M'LEAN DEAD.

Wife of Multimillionaire Succumbs to Pneumonia at Bar Harbor.

Bar Harbor, Me., Sept. 9. — Mrs. John R. McLean, of Washington, died at her Summer home here at 6:50 A. M. today, after being ill a week with pneumonia.

Mrs. McLean survived 11 hours after the arrival of Dr. L. D. Baker, of Johns Hopkins Hospital, who was brought from the North Carolina mountains in a special train at a record-breaking speed.

The special train which brought Dr. Barker from the Sapphire country in North Carolina, covered the distance from Asheville to Mount Desert Ferry at an average speed of 72 miles an hour. The run across the bay in a power boat, a distance of eight miles, was covered in 20 minutes.

The McLeans have leased a special telegraph wire between Bar Harbor and Washington, manned day and night.

Washington, Sept. 9.—Mrs. John R. McLean was one of the National capital's most widely known hostesses. Her entertainments for the last 25 years have been looked upon as milestones in a Washington social season, and attracted wide attention for their splendors. She was the daughter of the late General and Mrs. Beale. Her only sister is Mme. Bakhmatieff, wife of the ambassador from Russia, and her only brother is Truxton Beale, of this city.

FRENCHMAN WINS AVIATION TROPHY

Jules Vedrines Takes James Gordon Bennet Cup in Record Time

AMERICAN BIROMEN WITHDRAW

They Take a Look at Vedrines' Record of 105.7 Miles an Hour and Decide There is No Chance for Them.

Chicago, Sept. 9.—France won today the world's aviation championship. Jules Vedrines, champion of France, driving a Deperdussin monoplane, took from America the James Gordon Bennett silver trophy without a contest. Not an American aeroplane rose from the ground in defense of the cup won by this country from England last year.

De Lloyd Thompson, the only American aviator who had not withdrawn from the race up to the last hour, took a final glimpse at Vedrines' record and walked off the field.

Officials of the Aero Club of America explained their concession of the trophy to France at the outset by saying that "this country had not the ghost of a chance."

Vedrines' time for completing the 124.8 miles over the 4.140 mile course was one hour, 10 minutes and 56.85 seconds. His average time was 105.7 miles an hour. His only competitors were two Frenchmen, Maurice Prevost, also in a Deperdussin, who made the course in one hour 13 minutes and 10.82 seconds, and Andre Frey, in a Hanrot monoplane, came down after making 23 of the 30 laps of the course because of engine trouble.

Vedrines made easy work of it. Starting before any of his competitors were out, he sailed around the pylons like a swallow on the wing attaining in some of the laps almost two miles a minute and then rested in his hangar while the American contestants withdrew and while Major Samuel Reber, chairman of the contest committee of the Aero Club of America, shook his head, saying the speed made by the Frenchman was too great to be met by any machine on this side of the Atlantic.

The only semblance of a neck-and-neck race came hours after Vedrines had alighted when Frey and Prevost ascended, shortly before shots were fired for the close of the day's sport. Frey soon was overtaken by Prevost, who started two minutes later. At the 14th lap Prevost had left Frey far behind and at that time was only 32 seconds behind the time made by Vedrines. While steadily outdistancing Frey, he lost on the French champion's time until at the 23rd lap he was 73 seconds behind Vedrines. That assured the trophy to Vedrines.

Brooksville, Fla., Sept. 9.—One person was fatally wounded tonight in a clash between a posse and the band of armed negroes who yesterday recaptured 11 negro prisoners from three deputy sheriffs near here. A posse went from here to Terrell tonight, where, it was learned, the negroes were. None of the 11 negro prisoners were obtained by the posse.

OUTLINES

The result of the election in Arkansas yesterday was in doubt last night as to most of the tmendments voted on, but the Democrats were rolling up their regular majority.

Governor Wilson's criticism of the Progressive minimum wage plank was characterized by Colonel Roosevelt in a speech at Spokane, Wash., yesterday as "purely academic."

Governor Wilson yesterday made three speeches in New York, discussing the tariff in two of them and analyzing the three principal parties in an address before the New York Press Club.

Jules Vedrine, the French aviator, yesterday won the Gordon Bennett cup and the world's aviation championship in the contest at Chicago, all the American birdmen withdrawing from the race after seeing his wonderful record.

The War Department is preparing to meet any emergency that may arise in connection with the Mexican situation, principally the possibility of Taft calling an extra session of Congress to pass upon the question of intervention.

Early returns from the election in Maine indicated that Wm. Haines, the Republican candidate for Governor, would defeat Governor Plaisted, his opponent, by approximately 3,000 votes. The complexion of the Legislature and the Senatorship are in doubt.

Democratic State Chairman Webb calls the North Carolina Executive Committee to meet in Raleigh Sept. 19th, to "transact such business as may come before it," the supposition being that qualifications for voting in the Senatorial primary will be the leading issue.

New York markets: Money on call strong, 3 to 4 per cent; ruling rate 4. Spot cotton closed quiet. Flour easier. Wheat, spot easy; New No. 2 red 1.03 1-2 c.i.f. track and f.o.b afloat. Corn, spot easy. Oats, spot easy. Turpentine steady. Rosin quiet.

Attorney and Client Under Investigation.

New York, Sept. 9.—To determine whether death was due to any agency other than drowning, Prosecutor Rogers, of Orange county, New Jersey, today directed that the body of Mrs. Rosa Szabo, the Austrian woman, who met death in Greenwood Lake, while in a rowboat with Burton W. Gibson, the lawyer, now executor of her estate worth $10,000, be exhumed. Chemical analysis was made of the contents of the woman's stomach, Gibson had the body buried under the name of "Mrs. Ritter," but he expressed willingness to have the body exhumed.

WHITE GIRL WAS ASSAULTED

Young Woman of Cumming, Ga., Found Unconscious and Renewal of Race Troubles Was Threatened.

Cumming, Ga., Sept. 9.—The sending of Ernest Cox, a young negro, to Atlanta for safe keeping after his alleged confession of the assault on a young white girl who was found unconscious in a ravine near here today, prevented a probable lynching and another outbreak of race troubles here.

The young woman, a daughter of a prominent planter, had been missing since Sunday afternoon. She left home to visit her grandmother, a half mile away. According to the negro's alleged confession he met her on the road and after beating her into unconsciousness, attacked her and threw her body over a cliff. A small pocket mirror found near the scene of the crime led to his arrest.

News of the arrest quickly spread and the prisoner was hurried to Gainesville and placed in jail. Reports that a mob was forming in the country for the purpose of attacking the jail caused Judge J. B. Jones to order the negro taken to Atlanta. The chief of police of Gainesville and two deputies with the prisoner started to the State capital by automobile.

There is little fear of further trouble here unless the five negroes arrested last week and placed in jail at Marietta are brought back for trial tomorrow. Feeling still is running high and a lynching is threatened if the blacks are returned to this county.

Negro's Victim Dies.

Atlanta, Ga., Sept. 9.—Chief of Police Smith, of Gainesville, having in custody the negro Ernest Cox, who had confessed to attacking a white girl near Cumming, yesterday, arrived here at 10 o'clock tonight. Chief Smith brought word that the negro's victim died at her home near Cumming tonight. The prisoner will be held on the double charge of assault and murder.

SESSION IN CHARLOTTE.

S. C. Committee Meets There to Arrange for Probe.

Charlotte, N. C., Sept. 9.—At a conference of the sub-committee of the South Carolina State Executive Committee held here today, Chairman Stevenson addressed a letter to the Democrats of his State, calling for their co-operation in the task of investigating the alleged fraud in connection with the recent nomination of Gov. Cole L. Blease and said that the exposure would be made in a rigid manner, beginning at once. The committee divided the State of South Carolina into two districts, the line of the Southern Railway being the point of division, and W. B. Wilson, of Rock Hill, will be in charge of the investigation in the eastern section, and T. B. Butler, of Gaffney, the western section.

The conference was held in Charlotte, it was explained, in order to hold a session secretly, but the purpose of the meeting was soon abroad.

WEBB CALLS THE COMMITTEE

State Chairman Will Convene Democratic Leaders in Raleigh September 19th — Senatorial Question

(Special Star Telegram.)

Raleigh, N. C., Sept. 9.—Chairman Chas. A. Webb, of the North Carolina Democratic Executive Committee, issued a call tonight for the State Committee to meet in Raleigh Thursday night, September 19th "to transact such business as may come before it."

It is understood that at this time there will be thrashed out the matter of what further specification, if any, there shall be by the committee as to what constitutes the "Democratic ticket" as qualifying the voter to participate in the Senatorial primary in which Senator Simmons, Governor Kitchin and Chief Justice Walter Clark are pitted against each other.

It will be remembered that Governor Kitchin made formal demand some weeks ago on Chairman Webb that the committee be called together to act. He is contending that the committee should interpret the rule adopted by the State convention for the primary by declaring that "Democratic ticket" must mean the complete National and State tickets with possibly, some right to scratch one or another of the names of State or county candidates on personal grounds. There will be other matters bearing on the conduct of the campaign that will be laid before the committee by Chairman Webb.

MARTIAL LAW EXTENDED

Considerable Shooting In Kanawha Coal Fields—Investigation

Charleston, W. Va., Sept. 9.—The scope of the martial law zone in the Kanawha Valley coal fields was extended today, when the property of the chief Four States Coal Company at Dorothy, Raleigh county, was taken out of the hands of civil authorities and Captain Levy, of the National Guard, placed in charge of Brig. Gen. Elliott. It is alleged that the presence of striking miners, prompted the action by the Governor. It is said there has been considerable shooting in the neighborhood and that several residents and not miners have been forced to move from the community. That a determined effort will be made by the militia to ascertain who shot and killed mine guards on Paint Creek was evidenced today when the arrest of several persons was made by the soldiers. R. F. Stringer, a mine guard, was recently killed at Holley Grove, and Gus Pinson, another guard, met his death at Mucklow.

Gov. Glasscock said today that the foundation of the present trouble between miners and operators is due to the "invincible law and the infernal lobbying," rather than the mine guard system.

"Mother" Jones, the so-called agitator of the miners, was prevented today from visiting the martial law district when Brig. Gen. Elliott requested her to leave the territory at once or consider herself under arrest. She returned to Charleston. Tonight she predicted that ere long the strike would be Statewide.

G. O. P. CANDIDATES LEADING IN MAINE

Early Returns from State Election Indicate Republican Victory

HAINES AHEAD OF PLAISTED

Three Congressional Districts Lean Towards Republicans and One Towards Democrats—Senatorship in Doubt.

Portland, Me., Sept. 9.—Maine turned back to the Republican party in the State elections today when Wm. T. Haines, of Waterville, was elected Governor, defeating Governor Frederick W. Plaisted, his Democratic opponent, who sought a second term, while the Republicans regained one of the two Congressional districts lost to the Democrats two years ago.

The new Legislature is expected to have a small Republican majority, although returns before midnight were not sufficient to show whetser former Congressman Edwin C. Burleigh, Republican, or Senator Obadiah Gardner, Democrat, will be chosen to the United States Senate for the term beginning next March.

Returns for Governor from 525 out of 634 election districts gave Haines, Republican, 58,187; Plaisted, Democrat, 53,706. The corresponding vote for 1910 was: Fernald Republican, 53,271; Plaisted, Democrat, 58,851. If the same percentage is maintained throughout the State, Haines' election is indicated by 3,750 plurality compared with 8,660 given Plaisted in 1910.

Portland, Me., Sept. 9.—The struggle between the Democrats and Republicans in Maine today for control of the executive and legislative departments of the State government, the four Congressional districts and county offices, was one of the closest in many years, with returns up to 10 o'clock tonight in favor of the Republicans.

With half the State on record, Wm. Haines, the Republican, had a slight lead over Governor Frederick W. Plaisted and the percentage system indicated that if the same ratio was maintained the Republicans would win the fight for the head of the ticket by about 3,000. Returns from the four Congressional districts also leaned toward the Republicans, especially in the First, Third and Fourth districts, with the Second district showing a Democratic tendency.

The legislative returns were too meagre up to a late hour to give any indication of the complexion of either branch, so that the outcome of the fight for the United States Senatorship between Senator Obadiah Gardner, Democrat, and former Congressman Edwin C. Burleigh, Republican, was in doubt.

SENATORIAL CONTEST.

Claims of Candidates at Raleigh—Judge Clark's Speeches.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 9.—With the United States Senatorial campaign gaining in momentum and in the fierceness of the contest all the time now, there is much discussion as to the real situation at this time. The talk among the friends of Senator Simmons seems to set a standard as to the situation from their viewpoint that would give Governor Kitchin about 50,000 and Judge Clark around 20,000, leaving their candidate, Simmons, 90,000 of the estimated vote. This would give Simmons a clear 20,000 majority over both of his opponents.

On the other hand the friends of Governor Kitchin are insisting that he will get the nomination in the first primary, or that if there should be no nomination on the first ballot then that Kitchin will be an easy winner in the second primary. Numbers of his friends even go so far as to predict that the second primary will be a contest between Kitchin and Clark.

Judge Clark's friends are banking on a second primary and predicting that whether Simmons or Kitchin is his opponent in this second primary, he will be easily the winner.

Chief Justice Walter Clark, of the Supreme Court, spoke at Creedmore Saturday night in connection with his race with Senator Simmons and Governor Kitchin for the United States Senatorship and at the close of his speech Rev. J. D. Hufham, D. D., the venerable Baptist minister affectionately termed in Baptist circles the State over as the Baptist Bishop of North Carolina, arose and told the audience that until then he had not decided as to his choice for the United States Senate. That he had loved Aycock and had taught Governor Kitchin in his Sunday School; that he was one of the first men 12 years ago to nominate Simmons for the Senate, but that after hearing Judge Clark's speech, he would give his vote and his support in this Senatorial contest to Judge Clark. Judge Clark is spending week-ends in campaign work since the convening of the Supreme Court. He spoke at Oxford Saturday afternoon and at Wadesboro today.

STARS SUSPENDED

Bender and Oldring, of Athletics, Must Get Into Form

Philadelphia, Sept. 9.—Rube Oldring and Chief Bender arrived in town Friday from New York, having been sent home by Manager Mack, of the Athletics, to get into condition at their own expense at Shibe park. Both have been indefinitely suspended by the tall leader of the Mackmen, and unless they can get into condition to play ball, neither will draw pay for the remainder of the season. Inability to keep on the water wagon is said to be the cause of the suspension.

Both players have been most erratic performers for the Athletics this year, and some of the steadier members of the Macks do not hesitate in saying that the behavior of Rube and the Indian cost theme the pennant and the bit of loose change which goes to the participants of the world's series.

Mack, however, avoided punishing the two men until Friday. Connie, time and again, stated to newspaper men that neither was in his 1911 form, due to illness. This, however, was never taken seriously, for it was common gossip around certain quarters in this city that neither Rube or the Chief was paying the slightest heed to training.

JACKSONVILLE WINS

Leads Columbus by Two Games In the Post-Season Series

Columbus, Ga., Sept. 9.—Jacksonville defeated Columbus here today 4 to 2 in the fourth game of the South Atlantic League post-season championship series. The visitors now have won three games to the locals one.

McCormack, pitching for the locals, allowed only four hits. Three of these hits, together with a misjudged fly by Lewis in the seventh inning, netted the visitors three runs. The other run for Jacksonville was secured in the third inning on a hit, an error and a sacrifice fly.

Columbus scored two runs in the seventh on three hits.

Petersburg, Va., Sept. 9.—Petersburg will spend $381,000 in permanent public improvements within the next two years, the board of aldermen tonight passing a $300,000 bond issue approved by council a week ago and an extra appropriation of $81,000 from current revenues. Mayor Cameron will sign the bond issue ordinance tomorrow.

Seattle, Wash., Sept. 9.—Vilhjmar Setffanson, the Arctic explorer, who left New York City in April, 1908, on an ethnological expedition for the American Museum of Natural History, arrived from Nome today. Dr. R. M. Anderson, of Iowa, his companion, will arrive later.

WILSON-MARSHALL FUND.

Democratic Contributions Total $175,000—More Needed.

New York, Sept. 9.—Twelve thousand persons save contributed thus far to the Wilson and Marshall campaign fund. The fund at present totals $175,000. This was stated last night at Democratic National headquarters, which at the same time made public a list of contributors containing, it was stated, the names of all who had contributed the sum of $100 or more to the fund.

W. G. McAdoo, acting chairman of the Democratic National committee, declared that a "new political standard" had been set by this action. "The American people," he said, "will never elect another President without knowing the sources from which financial support is drawn."

Rolla Wells, treasurer of the committee, declared that while the sum received was encouraging it was "totally inadequate" to conduct the campaign properly, but he believed that contributions would continue.

The largest contributions thus far have been made by Henry Morgenthau, chairman of the National Executive Committee; F. C. Penfield, a wealthy Democrat of Germantown, Pa., and Henry Goldman, a New York banker. Each gave $10,000.

Five $5,000 contributions were received. The givers are Charles R. Crane, Chicago, who is vice chairman of the National finance committee; Rolla Wells, former Mayor of St. Louis, the National treasurer; Cleveland H. Dodge and Jacob H. Schiff, New York bankers, and Hugh C. Wallace, of Tacoma, National committeeman from Washington.

Among other contributors are: Jas. H. Reagan, D. W. Hyman and Jacob Wertheim, $2,500 each; J. D. Phelan, former Mayor of San Francisco, $2,000; William J. Bryan, Norman E. Mack, of Buffalo, N. Y., National committeeman; John B. Stanchfield, of New York, former Democratic candidate for Governor of New York, and Perry Belmont, $1,000 each.

The list includes: W. B. Oliver, of Baltimore; J. S. Armstrong, of Baltimore, and C. A. Culberson, of Washington, $400 each. Senator Leroy Percy, E. R. McCalmont, W. Bolsing, A. Bridowski, Arthur S. Brown, Senator C. A. Swanson, all of Washington, A. S. Miles, Baltimore, $100 each; Percy Jesse and Herbert Strauss, Clarksburg, W. Va., $500; William L. Cranberry, of Nashville; James G. Gray, of Atlanta, $250; Dr. Julian S. Carr, Durham, N. C., $200; Dr. Robert S. Young, Concord, N. C.; Josephus Daniels, Raleigh, N. C., each $100.

Many of the hundreds of newspapers which are collecting funds for the Wilson campaign have sent in their checks but in the majority of cases, failed to include all the names of their readers who gave the money. Rolla Wells wrote to the various papers for the name of each giver to the fund, so they can be duly entered on the books.

BRISTOL BOOSTERS WIN.

Appalachian Champions Down Virginia League Winners.

Bristol, Va., Sept. 9.—"Red" Munson's Bristol Boosters, champions of the Appalachian League, today defeated the Roanoke Tigers, pennant winners in the Virginia League, in the first official series of six games, half of which will be played here and the remainder at Roanoke, by the score of 11 to 2. Williams, the star twirler of the Appalachians, was on the mound for Bristol, while Burleson, the former Mobile pitcher, was in the box for the visitors. The locals played an errorless game and hit Burleson freely, while Williams was effective at almost all stages of the game. The score:
Bristol .....402 003 02x—11 16 0
Roanoke .....000 000 101— 2 6 7
Williams and Munson; Burleson and Lafitte and Nances; umpire, Burke; time 2 hours.

GAYNOR WON'T TESTIFY

Refuses to Appear Voluntarily at Aldemanic Probe—Charges

New York, Sept. 9.—Mayor Gaynor late today withdrew his acceptance of the invitation to appear tomorrow before the aldermanic committee which is inquiring into the police department. In a caustic letter to Alderman H. H. Curran, chairman of the committee, the mayor declined to appear unless subpoenaed or notified to do so, adding that he could not "enter into any petty and partisan inquiry," and asserting that in his efforts to lift government up he had never allied himself with anyone that was not above reproach.

"I do not see how I can expect the police to be honest when they see on every hand that even the aldermen of the city are taking graft personally, or enabling corrupt go-betweens to do so," Mayor Gaynor declared.

GORDON WHITE RELEASED.

Arrested In Connection With Lynching of Walter Johnson.

Bluefield, W. Va., Sept. 9.—Gordon White, father of Nita White, aged 14, arrested Saturday in connection with the lynching of Walter Johnston, negro, last Thursday night at Princeton, W. Va., was released today on $10,000 bond.

White was brought from Charleston, where he had been taken to prevent his rescue by friends. White, who is charged with first degree murder, was met by hundreds of sympathizers at the railroad station here.

Judge Frank Maynard today issued a call for a special sitting of court and grand jury to investigate the lynching.

STATE NORMAL OPENING.

September 18th the Date—Number of Changes This Year.

Greensboro, N. C., Sept. 9.—Final touches are being made at the State Normal and Industrial College and Greensboro Female College for the opening of the Fall term, the date of the former event being September 18, and the opening of the latter being set for this week, Wednesday. At the Normal arrangements have been made for receiving 600 young women in the school dormitories, while about 300 will be cared for in nearby homes and an additional 100 young women will attend from the city. The new $30,000 dormitory is now being finished and it is one of the most conveniently arranged and prettiest of the group of college dormitories.

Dr. J. I. Foust, of the Normal, stated this morning that everything points to the most successful year in the history of the State's great institution for young women. He believes the enrollment during the present year will exceed that of last year, when a new record was set. During the 1911-12 regular session there were 586 and during the Summer 416, making a total for the year of 1,002. In the training school were 319, which made a total in all the departments of 1,321. This year Dr. Foust says there will be a few more than 600 for the regular session, about 400 in the training school and that since the Summer school has been made a permanent feature of the college the total enrollment for the coming year will doubtless exceed that of the past year by 150 or 200.

In the main the faculty for the present year will be the same as last, with the exception of important department head changes. The faculty has been at the college for several days now and is fully organized. The following changes and additions have been made:

Prof. Wade R. Brown, formerly of Raleigh, succeeds Prof. A. S. Hill, as head of the music department. Miss Ethel Abbott, of Rock Bridge, N. Y., and Miss Alice Churchill, of Buffalo, N. Y., will be teachers of piano in place of Miss Eugenia Harris, now Mrs. Earle Holt, of Oak Ridge, and Miss Laura Brockman. Miss Ethel Louise Harris, formerly with the city schools, will be supervisor of music in the practice school and teacher of school music in the college. Miss Katherine Severson, of New York will also be an assistant in the music department as instructor in special voice culture. Miss Julia Dameron will be succeeded as an associate in the Latin department by Miss Jane Sumerell, formerly in the city schools. Miss Christine Snyder, who has been granted a year's leave of absence to further pursue her studies as an instructor in German, will be succeeded by Miss Clyde Stancill, a graduate of the college. Miss Bertha Stanbury, another graduate, will take up work in the department of mathematics, succeeding Miss Nettie L. Parker, who has been granted a leave of absence to go to Chicago University. Miss Mary Greene, of Davie county, a graduate of last year, will become registrar. Miss Constance Jewett becomes housekeeper.

STORE-BREAKERS FOILED

Negroes Attempted Robbery of Place At Eighth and Red Cross

This morning between 1 and 2 o'clock a hurry call came to the police station that the store of James Johnson, colored, at Eighth and Red Cross, was being robbed. Sergeant H. W. Howell and Acting Sergeant M. C. Gray hurried over in the patrol wagon and although they arrived on the scene in almost "no time at all," the robbers had departed. The proprietor of the store said that the only thing he could miss was a box of 500 Piedmont cigarettes. Entrance was gained by prieing open the front door and a colored woman, who slept over the store, heard the noise and looking out of the window, saw three young negroes at work on the door. She went back into the house and informed her husband, but at the same time set up a cry of "murder" and frightened the intruders away. A colored man across the street also saw the thieves and gave the police a pretty good description of the three. No arrests were made.

CLARA CAMERON A SUICIDE

Inquest Held and Ray D. Whitehead Is Released

Atlanta, Ga., Sept. 9.—After the inquest late today, Roy D. Whitehead, of Birmingham, Ala. held by the police pending an investigation of the suicide last night of Clara Cameron, of Birmingham, was released. The verdict at the inquest was death by carbolic acid administered by the dead girl with suicidal intent.

At the inquest Whitehead, who was just leaving the girl at the terminal station when she committed suicide, asserted that he knew no cause for the act. According to the statement, the Cameron girl was employed by him as a stenographer, but was discharged in Birmingham September 1. She had been in his employ about one year.

John and Earl H. Cameron, brothers of the dead girl, arrived today from Columbus, Ga., and attended the inquest.

DIVERGING PATHS OF DUTY

Husband and Wife at Outs Over the Old Question of Public and Private Life.

Alleging that her husband called her down for devoting so much of her time to lecturing before the Parent-Teachers' association, and said to her: "You ought to be at home with your husband instead of telling other people how to rear children," Mrs. Janet S. Kroeck of Los Angeles, author of books and lecturer on subjects dealing with perfect human love, ideal motherhood and the ennoblement of fatherhood, has filed suit for divorce. One can but sympathize with this abused woman, comments a Springfield (Mass.) newspaper. If in the accomplishment of her great mission it has been necessary to neglect her own fireside, to forsake the joys of ideal motherhood and leave her husband unennobled by fatherhood in order that she might with pen and tongue lead the great world into the path of perfect human love, it should have been her husband's part unselfishly and uncomplainingly to share her burdens and deprivations and cheer her on it her great work. Apparently he was one of those hard, practical, unemotional men that think perfect human love and ideal motherhood and the ennoblement of fatherhood, like charity, should begin at home, and it may be that he entertained the ridiculous notion that his wife could accomplish far better results by setting a good example than by all the talking and writing she could do in a lifetime.

USEFUL MICROBE OF SPRING

French Scientist's Explanation Far from Poetic, but Doubtless It Is the Truth.

Spring is interesting to others besides poets and lovers. Scientific men have been studying its why and its how and they now tell us that it is due to something widely different from the warming rays of the sun. M. Muentz, in an address before the Academy of Sciences in Paris the other day, asserted that spring was due to microbes.

When the days grow longer these microbes become extraordinarily active and they set up what M. Muentz calls an excessive nitrification, without which the earth would remain sterile and the sap would not flow in plants. This activity, he says, has nothing to do with the temperature, but is due solely to the hereditary tendency of these microbes to become active at this time of the year.

And it is due to a microbe that the young man's fancy lightly turns to thoughts of love.

Cloth Made of Banana Fiber.

The manufacture of cloth from banana fiber promises to become a great industry in the far east, particularly in India. The process of manufacture is very simple. One year old plants are selected and the stalk is unrolled and steamed over caldrons of boiling water till soft. It is a simple matter then to remove the green outer skin, by passing strips of the stalk through an instrument provided with a couple of blunt blades, which act as scrapers. The fiber thus obtained is placed in cloth and pounded in order to drive out excess moisture and is next cleaned and twisted into yarn for weaving. Banana cloth is said to be eminently suitable for tropical wear and is very durable. At present the price would seem to be almost prohibitive, as a roll of banana cloth, five yards long and one yard wide, sells for about $5.70. As this enterprise is a brand new one, high prices are to be expected; but they are sure to right themselves as the demand for this kind of cloth grows, and the supply endeavors to keep pace with it.

Cheap Way to a Title.

Through the death of the duke of Fife two and perhaps three of his titles of nobility pass out of his immediate family to the nearest male kin, who is supposed to be Jekyl Chalmers Duff. This apparent new lord lives in St. Kilda, Melbourne, Australia, and was formerly a member of the Indian police.

The earldom of Egmont, to cite a comparatively recent case, went to a man, a distant cousin, who had been a fireman. A naval officer succeeded by proving his claim to the earldom of Huntington after it had been vacant many years.

The baroncy of Sinclair was not filled from 1723 to 1782. The story goes that the claimant, who had not the means to make a contest, had himself elected to the house of commons and put his political opponents to the expense of proving that he was a peer, and not entitled to sit as a commoner, which they did, to his and their satisfaction.

Frenchman's Little Parliament.

M. Chaumet, under secretary for posts and telegraphs of France, has set up a substantial human buffer between himself and the general "kickers." He has appointed an advisory committee, 65 strong, and its members include senators, deputies, officials of all ranks down to a woman postal employe and a letter sorter, representatives of shipping and commercial houses and journalists. This committee, which M. Chaumet calls "a little parliament," will deal with the enormous mass of complaints and suggestions sent in daily to the postal administration by the public, and submit such as seem suitable as proposals to the administration.

BUNCOMBE POLITICS

Bull Moosers On Rather Uncertain Ground—Another Convention

(Special Star Correspondence.)

Asheville, N. C., Sept. 9.—There seems to be quite a little uncertainty as to the future movements of the supporters of Col. Theodore Roosevelt in this county. Until this time there has been no organized Progressive party, even though the majority of the Roosevelt men may have been Progressives in reality. They called themselves Roosevelt Republicans. Since the Roosevelt Republicans were left out in the cold at Charlotte, however, many of the colonel's supporters in this section seem to feel that they have so far pursued the wrong course and deplore that fact that they did not come out flat-footed for the Progressive party in name as well as in fact.

So that there is now a strong sentiment in favor of holding another convention here, the plan of which is to repudiate the action of the former Roosevelt Republican convention and put out a Progressive ticket, even though this ticket may be made up of practically the same men as were nominated by the first convention. It is practically certain that this will be done. Many think it should have been done in the first place and place the responsibility on Richmond Pearson for the other scheme which evidently has not worked.

Presumably the convention was not called Progressive for the reason that there was hope that the Taft men would support the county candidates of the Bull Moosers, since they did not put out a ticket. It appears, however, that the Taft men will not support a Roosevelt sympathizer, be he Progressive of Roosevelt Republican. Therefore, the Progressives are not expecting much help in the State and county from the Taftites.

On the other hand, the Roosevelt supporters feel that if they put out a Progressive ticket, they will gain the support of many Progressives and dissatisfied Democrats, of which they contend there are any number in this county. They are expecting more from the Progressive Democrats. They insist that there are any number of Democrats, who are dissatisfied with the increased taxes, with the increase in the salaries of the county officials and with various other things done by what they call "the ring."

There will be another reason for calling the convention: Two of the candidates nominated by the first convention say that they cannot make the race. Charles G. Lee, nominated for the General Assembly, stated at once that he would be unable to make the race on account of his legal work; although he would like to do it. John A. Nichols, nominated for tax collector, says that he cannot possibly make the race. It is understood that he declines also for business reasons. The refusal of these two men to run will be somewhat of a blow either to the Progressive or the Roosevelt Republicans. It is conceded that Mr. Nichols will always carry a large number of Democratic votes whenever he consents to run.

MR. NELSON KING DEAD

Passed Away at Harper's Sanitarium Shortly Before Midnight

Mr. Nelson King, a son of the late Dr. Francis King, and well-known in Wilmington, where he has resided for the past few years, died at Dr. Harper's Sanitarium at 11:15 o'clock last night, after an illness of some time, though he was taken to the institution for treatment only a few days ago. The body was removed to the funeral parlors of Mr. Jas. F. Woolvin and prepared for burial. The funeral arrangements had not been made last night. Mr. King has a brother living in the North and the funeral arrangements will not be made until he can be heard from as to when he will arrive.

SEABOARD TO BUILD AT MAXTON

Withdraws Objection to Union Depot —Saturday Night Tragedy—Dr. Pittinger's Rectorate — Charters Issued

(Special Star Correspondence.)

Raleigh N. C., Sept. 9.—The Corporation Commission announces that the S. A. L. Railroad has withdrawn its exceptions to the order of the Commission for the erection of a union passenger station at Maxton on the site of the present Seaboard freight depot and the Commission modified the order to the extent that the Seaboard has until September 23rd, to submit plans and specifications for the union station to the Commission.

The Atlantic Coast Line is to use the station with the Seaboard under lease term that the companies are to agree upon, the Commission intimating that if any difficulty in this respect develops the Commission will make an order settling this matter also.

The soil survey division of the State Department of Agriculture began today the work of making a soil map of Wake county. This work is also in progress in Alleghany and Ashe counties. Maps have been completed for 23 counties. They show the complete topography as to the character and location of soils throughout the counties represented. Dr. B. W. Kilgore, State chemist, is in charge of this work, and it is conducted in co-operation with the soil survey division of the United States Department of Agriculture.

Charters were issued today for The Depot Drug Co., of Asheville, capital $20,000 authorized and $6,500 subscribed by S. D. Pelham, J. G. Stickeleather and others and for The Travis Ginning and Milling Co., of Travis Station, Tyrell county, capital $20,000, by J. T. Alexander F. L. W. Kahoon and others.

It has been decided that no inquest is necessary in the case of L. M. Hamilton who was killed Saturday night by a Seaboard Air Line freight train near Union Station here. The remains were prepared for burial Sunday and carried to Selma today for interment in the family burying ground. It has been impossible as yet to account for how Hamilton met his death unless that a freight train came upon him unawares and he took it to be on the Southern instead of the Seaboard track. The confusing glare of the powerful passenger train headlight and that of the freight may have contributed to his blunder in avoiding the approaching freight. The fatal accident was at an especially dangerous point in the joint yards of the Seaboard Air Line and Southern, being really used by all four of the railroads coming into Raleigh, and it was directly in line with a near cut from the business section of the city to his home.

That his rectorate was 21 years old Sunday, was the announcement made at the 11 o'clock service by Dr. I. McK. Pittinger to the congregation of the Church of the Good Shepherd. He spoke feelingly of the relations that have existed all these years between rector and parishoners, relations, he declared, that have proceeded with all "Godly quietness" and that have, he insisted, accomplished much. He spoke with special optimism of the speedy completion of the splendid granite and marble church, for which the congregation has been laboring for ten years. In his sermon Dr. Pittinger treated "Religious Instruction in the Public Schools," and expressed gratification that a prominent Western judge has just ruled that there is nothing in "The Lord's Prayer" and that it can be used in the public schools. He insisted that there are numerous important Scriptures that can be used in the public schools without infringing on sentiment for exclusion of sectarian instruction and that with the opening of the schools throughout the country just at this time for the school year there should be a fuller realization of the great need and opportunity there are for the most wholesome moral and religious instruction by the public school teachers without in anyway invading sectarian spheres.

A. & M. FOOTBALL SCHEDULE

Farmers Meet Some of Their Old Rivals Again This Year

(Special Star Correspondence.)

West Raleigh, N. C., Sept. 9.—Manager N. S. Lachicotte, of the A. & M. football team, has announced the following schedule for the season of 1912:

October 5—U. S. S. Franklin at Raleigh.
Oct. 12—Medical College of Virginia at Raleigh.
Oct. 17—Georgetown at Raleigh (Fair week).
Oct. 26—Davidson College at Charlotte.
Nov. 2—Wake Forest College at Raleigh).
Nov. 9—Open.
Nov. 16—U. S. Naval Academy at Annapolis.
Nov. 28—Washington & Lee at Norfolk (Thanksgiving).

This is considered one of the best schedules A. & M. has ever had. The U. S. Training Ship Franklin is an old rival of A. & M. and always puts up a good game. One of the features of this game is the presence of the sailors, who generally accompany their team about 300 strong whenever they come to Raleigh, and the good natured rivalry in rooting by both sides.

The Medical College of Virginia is an unknown quantity in Raleigh, but has a strong team and will make the Techs hustle. Georgetown University is one of A. & M.'s greatest rivals on the gridiron. Although these two teams did not meet last year, they played a tie game two years ago, neither team being able to score, and both are determined to win this year. This game between two of the best football teams in the South, coming as it does during the State Fair week, is sure to prove a great attraction. Davidson College and A. & M. have not met for several years. Davidson always puts out a strong team, having played some of the strongest teams in the South to small scores, and often with the large end their way. The annual game with Wake Forest will be played in Raleigh this year. The Wake Forest eleven has steadily improved during the past several seasons and last year under the able coaching of Frank Thompson, an old A. & M. star, they gave the Techs a bad scare by making a touchdown in the first quarter, the game ending with a score of only 13 to 5 in A. & M.'s favor. This will be A. & M.'s second game with the Navy. It will be remembered the scare the Middies were given last year at the hands of the A. & M. eleven, and the Tar Heel Techs are determined to put up even a harder game this year, and make the sailors from Annapolis sit up and take notice. The annual Thanksgiving game will not be played with V. P. I. this year, but Washington and Lee University will be played in Norfolk, and this contest is expected to prove just as great an attraction as the old V. P. I. games, as Washington and Lee put out one of the strongest teams in this section last year and the greatest rivalry exists between them and A. & M.

Coach Green issued first call for candidates for the football team Friday, with the result that about 40 reported, most of whom are new men. Although it is impossible to tell much about them this early, there is some very promising looking material among the bunch. The first two days consisted of very light practice, mostly kicking the ball and running down the field to get the men in condition for practice, which will be started in earnest next week.

HOMICIDE IN DUNN.

Negro Shoots His Wife—Harnett Court—Personal and General.

(Special Star Correspondence.)

Dunn, N. C., Sept. 9.—One afternoon last week a negro named Luther Alferd got in a quarrel with is wife near the A. C. L. depot and shot her several times with a pistol. The negro then ran up the railroad, but was never captured. The woman died a few days later from the effects of the wounds. The negroes worked at a large lumber plant near town, and it seems were in the habit of fighting. About a year ago this same couple had a fight and the woman shot the man through the body three times, but he recovered.

Harnett Superior Court adjourned Saturday after a one week's session. Judge Ferguson presided and tried several important cases, among the number being the trial of Albert Phillips for the alleged slaying of James Bryant last Spring. The first trial resulted in a mistrial; the second last week resulted in the acquittal of Phillips.

There was another murder trial docketed for this term, but it was continued untol the February term. A young boy named Barfoot cut to death another boy several weeks ago. The defendant claims the cutting was done in self defense. He was released under a $1,000 bond.

Mr. G. K. Grantham has been notified of his appointment as the representative of the Finance Committee for the collection of funds for the Wilson campaign fund, for Harnett county. Governor Wilson has a great many admirers in Harnett who will gladly contribute to this fund.

Mr. P. S. Cooper, president of the First National Bank, has gone to Battle Creek, Mich., for treatment.——Prof. B. P. Gentry, principal of the graded schools, has returned from Columbia University, where he has been taking a course, and is making preparations to open the city schools on September 23rd.——Prof. James A. Bizzell, Cornell University, is visiting his father and relatives in and near town.

The Bull Meese will hold their convention here on next Saturday to choose two Senators for the 14th Senatorial district.

Atlanta, Ga., Sept. 9.—It cost Jno. M. Slayton, of Fulton county, $13,700 to be nominated for the Governorship of Georgia, just $2,760 more than he will get as salary at $5,000 a year during his two year term. Mrs. John M. Slaton subscribed $6,000 to his recent campaign fund, the details of which were published here today in accordance with the law.

KITCHIN AT BURGAW.

Speaks to Large Audience in Pender. His Argument.

(Special Star Corespondence.)

Burgaw, N. C., Sept. 9.—The greatest political event of the campaign year was the appearance here today of Governor W. W. Kitchin, who addressed the largest gathering of voters yet assembled in Pender county. The gathering was made up of both Simmons and Kitchin followers with also a small sprinkling of Clarkites. Governor Kitchin was presented to the audience by J. T. Bland, Esq., who in a few appropriate words told of the crisis facing progressive democracy. Governor Kitchin arose amid an enthusiastic ovation and although suffering in the beginning with hoarseness he soon waxed warm into his usual fine form and held the audience throughout the remainder of his address.

Mr. W. B. Brice interrupted the Governor, asking how about his pardoning power. Mr. Kitchin referred to the interruption as a means to direct the attention from the line of argument but answered by saying that he showed clemency to less men in any year than either Aycock or Glenn.

Mr. J. A. Murphy, of Atkinson, also interrupted him, asking him if he said Craig was not a good Democrat. This Governor Kitchin never did say and no one can be produced anywhere who can make affidavit that he ever heard him make any such remark.

Governor Kitchin made his usual charges against Senator Simmons' record which he said was public property, but did not make a single remark against him personally. He proved each charge from the records, and outwitted any successful contradiction. Besides his own views he showed that many of the leaders of the Democratic party in the State were opposed to Simmons and that the leaders naturally were opposed to Simmons. He read the votes from the record of how Simmons, Clark and Bailey had voted together against 30 or more Democratic Senators.

In reference to the white supremacy campaign, Governor Kitchin told of how he himself wrote the white supremacy platform. He further stated that Simmons was opposed to the red shirt movement and tried to prevent it. Simmons, he declared, published an interview in the Wilmington Star that the campaign would be one of conservation, moderation, conciliation and toleration.

Many Simmons buttons were discarded after the speech and several men were seen to throw them upon the ground. Upon the conclusion of the speech court reconvened to adjourn again until tomorrow. L. McN.

Madison, Ga., Sept. 9.—Indictments charging the buying and selling of votes in the recent Democratic primary for Douglas county officers are expected to be handed down shortly by the grand jury which has quietly been pursuing an investigation for several days. It is reported that votes brought as much as $60. Many of the candidates have given their testimony to the grand jury.

MRS. GREATON'S AWFUL EXPERIENCE

During Change of Life—How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman.

Natick, Mass. — "I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this perod of life. If it will help others you may publish my letter."—Mrs. MARION SWEET GREATON, No. 1 Jefferson St., Natick, Mass.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

The Oldest Blood Disease

The most ancient history furnishes evidence that mankind suffered with Contagious Blood Poison. The disease has come down through all the ages and is to-day, as it has ever been, a scourge and blight upon humanity. The symptoms of Contagious Blood Poison are the same as in its earliest history, but its cure has now become an accomplished fact, whereas, it was once considered an incurable infection. S. S. S. is an antidote for the virus of Contagious Blood Poison, and cures it in all its forms and stages. S. S. S. possessing both purifying and tonic properties routs out all the poison, and at the same time builds up the general health. A person who has been cured of Contagious Blood Poison by the use of S. S. S. need not fear a return of its symptoms at any future time. This great medicine checks the progress of the poison and gradually but surely all sores and eruptions heal, ulcerated mouth and throat pass away, the hair stops falling out, copper-colored splotches fade away, and when the blood is thoroughly purified no sign of the disease is left. Home Treatment book and any medical advice free.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Candidates without the ghost of a show have reason to dread the political graveyard.

Oxygen helmets will have to be kept on the job to save candidates who monkey with the flareback.

The fact that Noah got as full as a tick is no excuse for any other good man to get as full as a goat.

The hat in the ring is staying to the finish, but when the finish comes it will look like a last year's birdnest.

It would be a joke on the Armageddon rough riders to have to put up their principal scrap with the Ananias Club.

Whoever is nominated as a Democrat, stick to the party, for it is the only party which can be depended upon for tariff reduction.

There is nothing singular about the fact that most political bolts serve only the purpose of riveting public attention. That is one kind of bolt that holds nothing together.

Many a candidate who carries the day with his wad has never been known to carry his wife to the theatre. A tight-wad at home has been known to loosen up in the political game.

We have not had time to keep up with their exploits of late years, but we presume that Dick Merriwell and Fred Fearnot are still knocking out the low-browed thugs and rescuing exquisite damsels in distress.—

We do not see why the newspapers should oppose a law that requires them to mark advertising as advertising. For our part we do not want to father the campaign stuff written by any candidate or politician.—Durham Herald.

When the Rough Rider wishes to give a really spectacular performance he lights out for the West to get the cow punchers to give him a big send off. It is "bully" to be with the fellows who can stick on the back of a bucking broncho, yell like Commanches, and shoot the taps off the heels of a tenderfoot. He is now cavorting around in the Northwest where something exciting can be pulled off as the train rolls up to the station.

The first temperance society was originated in Germany four hundred years ago, but while it is said that temperance societies have never had much effect in lessening the drink habit in general, it can be said that they certainly have not done any harm to a good cause. The best place to inculcate temperance is in the home circle, the Sunday School and the church. Rum-sucking will go out of commission quicker from a conscience crusade than it will from law enactments.

So called independent Democrats in Tennessee are supporting Governor Hooper, the Republican candidate, for a second term. The Democrats of Tennessee seem to be badly divided but they are divided over men instead of issues. With us the issues disturb us most, for we go slow on becoming the partisan of any politician who thinks more of his ambition than he does of the harmony or success of his party. Your candidate may be a Democrat today and a Republican or Bull Mooser tomorrow unless he gets the office he is after. By George, there are precedents to prove what we say, for there is Teddy who has assassinated the big elephant because it did not want him to ride on how you blindly follow any man who may flounder, fluke or flop when his ambition is at stake. [illegible] a chase for a third term. Beware

THE TREASURE SHIP AT THE BOTTOM

Many ships containing gold coin and silver and gold bullion lie at the bottom of the ocean. Probably not near so many treasure ships have gone down as has been supposed, and probably their wealth is not near so large as tradition has it, but it is a fact that during hundreds of years of ocean navigation, many vessels have foundered with great heaps of money and valuable cargoes. Even last April the world's biggest ship went to the bottom with untold wealth in money, gems, jewelry and costly merchandise when the steamship Titanic struck an iceberg and sank in water three miles deep.

Sure there are treasure ships at the bottom of the deep, heaving ocean, and while the location of some is known and some of their cargoes have been recovered, many wrecks have never been located and the ocean floor still contains hoards of treasure safe from the grasp of man. There are no ocean burglars who can break into the treasure ships at the bottom of the sea. However, man has made many vain attempts to exploit the profound ocean depths for whatever is in them, and we have no doubt there is treasure and mystery enough to make most of us want to go out on some kind of sea adventure.

The time may be coming when we can get accommodated, for the Chester (Pa.) Republican tells us that one of the shipbuilding plants along the Delaware river, nearly opposite Philadelphia, will soon launch a sea-going craft which will enable us to spy on the secrets of the ocean. According to the Republican it will be a novelty among ships, in that it will have a crystal-clear plate-glass bottom and electrical rig for sending a flood of electric light to great depths in the ocean. We confess to a great desire to take a look downward, and while the search craft referred to is small, it doubtless will be useful in many ways in observing the physical appearance of the ocean floor and for taking a glimpse of the sea's animal life. Our Chester contemporary, which is published in the shipbuilding zone, tells us about it, as follows:

"The vessel is to be used for a scientific investigation of the ocean depths. It will not, of course, be possible to gaze very far into the deep waters, no matter how transparently clear the ship's bottom might be, unless a penetrating light were projected into the depth. The vessel will be equipped with specially constructed submarine radio lights, so that in waters many fathoms deep the bottom, with the miscellaneous life that crawls upon it and floats above it may be brought into view. The portion of the earth's surface that is covered with water, when the lakes and inland seas are included is three times as great as the dry land area. The surface area of the oceans is 127,000,000 square miles—an area more than forty times as large as the United States. The ocean waters team with life. Though thousands of water creatures are known and classified, scientists are continually discovering new life forms in the ocean depths. Heretofore dragnets have been mainly depended upon, but there are doubtless many animals that elude these trawls. The ship with the plate-glass bottom and the deep-water searchlights is expected to bring about a more exact knowledge of the undersea world. Many wrecks, some that have been lying on the sea bottom for a hundred years, will be examined by means of incandescent bulbs weighed down from the plate-glass bottom of the research boat."

Experiments have been made with glass bottom boats for many years, and in the sponge fisheries they have small boats of such character, as also apparatus for looking at the bottom where the water is ordinarily deep. Off the coast of Florida, the Bahamas and Cuba, the sponge fishermen use small boats, and some times a device known as the "water glass" is brought into use by the men to aid them in finding sponges at the bottom of a bucket-like holder about ten inches in diameter at the bottom. While one man skulls a boat another, peering through the glass, makes a search for sponges and hooks them up with a long pole with cutters and grippers on the end with which the sponges are taken from their fastenings.

However, the boat being built on the Delaware is something different, and it can be used to great advantage for searching for animal life and for finding wrecks on the floor of the ocean. Outside the usefulness of such a craft for locating treasure ships, searching for wrecks, and viewing fishing grounds, let us hope the time is coming when the bottom of the sea can be searched where the water is several miles deep. We know most of the animal life on terra firma, but scientists, zooligists, and biologists are prepared to believe that we know only a little about the animal life of the great mountains, subterranean caves, and awful gorges in the deep seas. There may be huge monsters down there, and it is for us to believe that we may yet trail the huge sea serpent to his den, find the camping grounds of the hobgoblins, and peer into the lair of the beodaddle. Science into the lair of the boodaddle. Science than the imagings of Jules Verne, and the searchlights may enable us to making moving pictures of colossal tles between mammoth sea animals as big as all out of doors.

THE CAMPAIGN AMENITIES

It is to be hoped that the 1912 Presidential campaign is no example of future contests for the highest office in the land. Our ideal of American statesmen has been rudely shattered and our conception of Presidential dignity has been ruthlessly disfigured. The first let down of our lofty idea of the Presidency occurred when Roosevelt and Taft mixed up in the campaign for the Republican nomination, and there came from the hustlings avalanches of abuse and vile misrepresentation. It sounded like the caterwauling of monster alley cats, and we are not sure but the searchlight of the future will reveal libelous and unchristian exchanges that will make future generations hang their heads in shame at the record. We confess our part of the shame now, but the chief leader in it stands unabashed in the presence of Armageddon and the fish market.

We fear, however, that this is only the begginning of the days of confusion and shame, for a horrible example has been set to the future statesmen and Presidential timber of the future. Alas! that the bullet of Czolgosz, the assassin, should open the way for an exhibition of Americanism that belittles us in the eyes of all the world. There are signs that the exhibition is "never out, and never over," for Progressivity seems to call for blatant harranguing on the part of others than Colonel Roosevelt. For instance, Governor Hiram Johnson, the Third Termer's running mate, has lent further shock by this illusion to the Nation's Chief Magistrate:

"It is with shame, as an American, that I may say that today the most humiliating character in all American history is the President of the United States."

Those words were uttered by the Governor of the great State of California, at the State Progressive convention in Ohio last Thursday. It was the declaration of the Progressive nominee for Vice President, and it was applied to the most honored man in the Nation so far as his exalted position is concerned. No wonder the Republican New York Tribune voiced a shock and declared that such utterances "showed how far the third term movement had emancipated itself from the old conventions and decencies of aristocratic society and was prepared for vigorous leadership into the democracy of the fish market."

The Tribune continues:

"'The most humiliating character in all American history!' Americans have felt humiliated over Benedict Arnold, over Aaron Burr, over William M. Tweed, but the shame of their deeds after all was trifling. The one dark figure in our history of whom the people should really be ashamed, they now learn from the refined and judicial Governor of California, is William Howard Taft. As President of the United States some persons may be inclined to pay him the deference of at least gentlemanly treatment, but Governor Johnson is a foe to compromise. He glozes over no shame. He associates with nobody less pure than 'Bill' Flinn. Thus he demonstrates his fitness for second place on the Third Term ticket. He is indeed the Young Lochinvar out of the West. Of all the Moose blackguards he blackguards the best."

Governor Johnson has the reputation of being a great campaigner and strong speaker. If that is his style, and it represents the temper of Roosevelt's so-called holy crusade, we shall expect a cry of "no quarter" at Armageddon. Bah! We are glad to point the country to a scholar and statesman like Woodrow Wilson and to his running mate, Governor Marshall, as the hope of the decent American Republic.

A WILSON PREDICTION

The voters of Ohio, by a vote of about 4 to 1, rejected the constitutional amendment conferring upon women the right to vote. In Ohio, therefore, the Third Termer will play on the soft pedal about the woman suffrage part of his "confession of faith." For the reason that "it's loaded" he will never denounce four out of every five voters of Ohio for repudiating woman suffrage, but does not the large vote in Ohio against that much of the Roosevelt propaganda indicate that the Rough Rider can hardly expect to get more than 20 to 30 per cent of the entire vote in the Buckeye State? It is quite apparent that the contest in that State will be between Taft and Wilson, and with Roosevelt taking about a third of the Republican vote away from Taft, isn't it fair to assume that Wilson will walk away with the President's own State? In view of this situation The Star predicts that Ohio will line up in the Democratic column on the 5th of November. We will find out in precisely eight weeks from today.

The vote in Vermont shows that Taft is strongest in the moss-back Republican States of the East, and it seems that Roosevelt's strength lies in Republican States in the West. The outlook at present is that Roosevelt will get enough votes in the East to keep Taft from carrying the East, while in the West Taft will get enough votes to prevent Roosevelt's "winning of the West." With conditions as they are that, it looks like a walkover for the Democratic nominee for President.

The most important consideration is a Democratic Senate and House to back up the Democratic President. Democrats, therefore, will throw away their votes if they vote for either Bull Moose or Republicans for members of the Legislatures or for Congressional candidates who are not Democrats. All men who want relief from the burdens of Republicanism should vote for a Democrat only. Both the other parties are committed to a protective tariff, and everybody ought to know that Bull Moose-Republican control of Congress would absolutely tie the hands of President Wilson.

CURRENT COMMENT.

..The Eastern Carolina Fair will be held next month. Newbern people will then attain the reputation they had years ago of pulling off one of the best fairs in the State.—Newbern Sun.

When "united" the Republicans of North Carolina could not "stand" against the Democratic hosts; now that they are hopelessly "divided" the result must be a crushing fall.—Norfolk Virginian Pilot.

The automobile is cutting into railway earnings and some roads are becoming alarmed over their passenger receipts, which have been seriously affected during this Summer. A high railway official recently stated that the loss to railroads on account of people traveling by automobiles is tremendous and far greater than any outsider would suppose. Instead of taking vacation trips by railroad, many people are taking automobile jaunts. Such is doubtless the case in most sections, but hereabouts, notwithstanding even more motor cars and motor trips, the railroads have about all the people they can comfortably haul.—Charlotte Observer.

The Bull Moose State convention at Syracuse, New York, has much the semblance of a revival meeting at which everybody is well dressed and fairly clean. Its quasi-religious quality is, however, modified by the large elements of sociologists and men and women with every conceivable formula for making the world good according to their standard. It is regrettable that the attendants at the convention have allowed themselves to imitate the blasphemy and irreverence that obtained elsewhere of singing hymns to their hero which up to now were sacredly reserved for the glorification of the Deity.—Norfolk Virginian-Pilot.

The Observer has received a letter from a friend in Wilmington who thinks it was rather too severe in its remarks on Mr. Butler's treatment by the Christian Soldiers, in Charlotte. The Observer stated the facts, and it took care to say that Mr. Butler fell in the cause of peace. The point is, that Butler's reputation as a trouble-maker operated against his good intentions. Had Mr. Butler, in the Christian Soldier convention, and Mr. Skinner, in the Republican organization, been able to accomplish the ends they sought, the two factions would have been united on a strong State ticket and would have been able to give the Democratic party in the State some concern. As it was, they pursued the exact course the Democrats had hoped for. Butler fared badly. Perhaps his party fared worse, but the facts stand out as The Observer gave them.—Charlotte Observer.

NOW THE "DEFENDER."

Editor Star:—"Close Student" having missed the psychological moment has now become the stand pat "defender" of the Defamer.

"Defender" charges others with muddying the waters to obscure the issue, when he himself is the best interpretation of his own allegation. He beats the woods most valiantly, touching on almost every conceivable subject except the real issue—Collier's Weekly's defamation of Southern women.

As "close student," "Defender" took this position:

"I know nothing of the course of Collier's Weekly in '98, but for the past ten years have been a close student of its policies, and for this period give it a clean bill of health, and protest that an editorial written years ago should not militate against the present good standing of this valuable paper."

The record blasts "Defender's" cherished hope, and when he is confronted with evidence of the return of the malignant eruption—the old sore breaking out again—he pronounces the symptoms a mere superficial disorder—calling the defamation of Southern women an element of our race problem. The patient is mortally sick, and doctor "Defender" cannot cure the disease by a misnomer. Our race problem is this: White Supremacy and Social Separation. The honor of Southern women as a fact substantive has never been, is not now, and never will be an element of our race problem. The offense of Collier's Weekly is not that it differs with our methods for dealing with the race problem, but that it has repeatedly and persistently defamed the honor of Southern women.

We can judge the future only by the past. The horse that balks once is certain to balk again. We know nothing of the creditability of the charges of Collier's Weekly against some public men, never having examined the evidence; but we know that this paper has lied on Southern women, and having done this is more than capable of lying on Southern men. Its opinion in the one case is no more trustworthy than in the other, for if it will not respect the character of women it cannot be honest in dealing with the character of men.

"Defender" having failed to whitewash his patron saint, flies the track and repeats a lot of rubbish against Mr. Simmons. To the action of the Newbern Elks in excluding Collier's Weekly from their lodge, he assigns a dishonest motive, but worse than that, says by implication that the slanderous editorial of October 24, 1908, was no proper cause for the action of the Newbern Elks, and himself fails to utter a word of condemnation of the slander. As a matter of fact, this editorial was written before Mr. Simmons' re-election was under public discussion and before his record on the tariff, now called in question, had been made, so that the action of the Newbern Elks could have had no possible relation to Mr. Simmons' political well-being.

The observation about Mr. Simmons' record on lumber is the veriest nonsense. Under the Dingley bill the tariff on lumber was $2, and the rate was reduced to $1.25 in the Payne-Aldrich bill of 1910. Mr. Simmons stood for the $1.25 rate as a revenue tax; and statistics show that the revenue from lumber under the Payne bill is practically double that under the Dingley bill. Facts are sometimes dangerous things. By the way, is there any law against capital, Northern or otherwise, investing in Southern timber or other property? Is not the South openly inviting the investment of Northern capital?

"Defender" observes that Harper's Weekly, Mr. Bryan, Mr. Connely, and Mr. Sullivan are opposed to Mr. Simmons, and asks in the spirit of assurance if opposing Mr. Simmons lessens the public esteem of this paper and these men. Undoubtedly no! Any paper or any man has a right to oppose Mr. Simmons or any other candidate, and if it or his record be clean, should be subject to no just criticism. But if Harper's Weekly and these or any other men had persistently slandered Southern women, their estimate of the worth of Southern public men would command no more respect than does Collier's Weekly's opinion of Mr. Simmons.

Reference to Mr. Bryan is extremely unhappy. Only a short while ago Mr. Wilson expressed the opinion that Mr. Bryan was not a fit man to guide the Democratic party, yet Mr. Bryan controlled the Baltimore Convention and made possible Mr. Wilson's nomination; but had Mr. Wilson charged that Mr. Bryan was a corrupt and unworthy man we know enough of Mr. Wilson to believe that he would have refused a nomination at the hands of a man whom he had so characterized.

As respects Mr. Simmons' Democracy, this has had the highest endorsements. The Democratic State Convention, the highest State authority, enthusiastically endorsed his record, and the Democratic Senators, in making him minority leader of the Senate, did likewise. In the face of such authorities as these, charges against Mr. Simmons' Democracy are in very truth the most "puerile prattle."

In the matter of appropriations for public works, the present Rivers and Harbors bill passed the House carrying six hundred thousand dollars for North Carolina, in which there was nothing for the lower Cape Fear river, not even for maintenance. Mr. Simmons increased the amount in the Senate to $1,400,000, including $300,000 for the lower Cape Fear, and thus formally adopted the 26-28 foot project. In the previous Congress a bill passed the House carrying $10,000 for acquiring sites for locks on the upper Cape Fear river, and Mr. Simmons increased the amount to six hundred and ten thousand dollars, the estimate of the engineers for the completion of the eight-foot project to Fayetteville. This is what Mr. Simmons has done for the Cape Fear river within the past two years, and his efforts in behalf of other North Carolina waterway developments have been equally successful, and it is such achievements as these that "Defender" and other opponents of Mr. Simmons affect to belittle.

"Defender's" riot record should be the best guarantee of his repudiation of Collier's Weekly, and that he should continue to espouse the cause of this slanderous sheet is explicable on no other grounds than that he is influenced by some official relation or is obsessed with that pride of opinion which degenerates into blind bigotry.

Collier's Weekly has not changed its spots, nor has Mr. Kitchin ceased to quote it as righteous authority on the democracy of Mr. Simmons, as shown in the report of his speech at Rockingham Saturday last. Wonder if the Governor ever quotes the testimony of the Democratic Senators whose confidence and esteem made Simmons of North Carolina minority leader of the Senate?

J. A. TAYLOR. **

DOES THIS FIT ANY ONE?

A Remarkable Quotation From a Speech by Abraham Lincoln.

Many great and good men, sufficiently qualified for any task they undertake, may ever be found, whose ambition would aspire to nothing beyond a seat in Congress, a gubernatorial or a Presidential chair. But such belong not to the family of the lion or the brood of the eagle.

What? Think you these places would satisfy an Alexander, a Caesar or a Napoleon? Never! Towering genius disdains a beaten track. It seeks regions hitherto unexplored. It sees no distinction in adding story to story upon the monuments of fame erected to the memory of others. It denies that it is glory enough to serve under any chief. It scorns to tread in the footsteps of any predecessor, however illustrious. It thirsts and burns for distinction; and, if possible, it will have it, whether at the expense of emancipating slaves or enslaving free men.

Is it unreasonable then, to expect that some man, possessed of the loftiest genius, coupled with ambition sufficient to push it to its utmost strength, will not at some time spring up among us?

And when such a one does it will require the people to be united with each other, attached to the government and laws, and generally intelligent to successfully frustrate his design.

Distinction will be his paramount object, and although he would as willingly, perhaps more so, acquire it by doing good as harm, yet that opportunity being passed and nothing left to be done in the way of building up, he would sit down boldly to the task of pulling down. Here, then, is a probable case, highly dangerous, and such a one as well could not have existed heretofore.

SANFORD SCHOOL OPENS

Faculty of Eleven and An Enrollment Of 400 First Day

(Special Star Correspondence.)

Sanford, N. C., Sept. 9.—The Sanford graded schools opened today with a faculty of 11 and an enrollment of over 400. Three members of the board of trustees were present and made short addresses. The schools have been under the supervision of Prof. R. W. Allen for the past 8 years. The personnel of the faculty is nearly the same as last year with the exception of the teachers of the fifth and sixth grades and the Latin and German of the High School.

WM. MORRIS ATTACKED

Injured In Similar Manner to Shooting Of Rosenthal

Knoxville, Tenn., Sept. 9.—Wm. Morris, of Asheville, N. C., was attacked and injured here this afternoon in a manner similar to the killing of Herman Rosenthal, the New York gambler.

While Morris was in a pool room, Joseph Brown and Henry Brown, also of Asheville, entered and after speaking cordially to Morris, one of them drew a revolver and fired at him. The bullet went wild and Morris was then assaulted with the butt of the revolver and a black jack.

Morris fell prostrate and bleeding to the floor and the attackers fled to a nearby motor car in which they made their escape.

They have not yet been apprehended.

The injured man attributes the assault to his friendliness to a woman, in whom, he says, one of the Browns is interested.

SOME PRIZES ANNOUNCED

Premium List of Big Agricultural Fair is Partially Complete—Crowds Expected to Attend—Work on Grounds.

The premium list for the big Agricultural Fair to be given at Highwood Park October 7th to 12th, inclusive, has been partially completed and the prizes so far arranged were announced yesterday. Nothing but cash prizes are offered. Already a large number of people in this and adjoining counties have signified their intention of placing exhibits at the fair and many others are expected to be entered during the next two weeks. The premium list, when completed, will be printed in pamphlet form and distributed throughout this section. The partial list announced yesterday follows:

Corn—Best ten ears unnubbed, $2; best single ear, $1.

Cotton—Best group of five stalks, $2; best single stalk, $1.

Peanuts—Best bushel of North Carolina peanuts, $5; best bunch of peanuts, North Carolina, $1; best bunch of Virginia peanuts, $1; best bunch of Spanish peanuts, $1.

Cabbage—Four best heads, $1.

Flowers—Best collection of blooming plants, $3; best collection of bulbs, $2; best collection of cut carnations, $1.50; best collection of ferns, $2; best collection of roses, $3.

Live Stock—Prizes for live stock will be announced later.

Entries should be made as early as possible and should be directed to Geo. L. Peschau, Esq., box 634, Wilmington, N. C.

It is expected that several thousand people from the eastern section of North Carolina and upper part of South Carolina will visit Wilmington during the week of the fair. The Atlantic Coast Line and Seaboard Air Line have announced reduced rates from surrounding counties and this will serve as an additional inducement to visit this city at the time of the fair. The tickets will include one admission to the fair grounds.

Senator F. M. Simmons and Governor W. W. Kitchin have been invited to speak on the grounds during the fair, but nothing has as yet been heard from either. The committee expects to hear from both some time this week.

Work will be begun in a week or ten days on an exhibit building at Highwood Park. The building will adjoin the grandstand on the back side and will be about 50x150 feet in size, possibly two stories in height. Midway will be located between the main entrance and the exhibit building and grandstand. Some of the best side show attractions have been secured for the midway, which is always a very prominent feature of a fair.

The merchants and people generally of the city are very enthusiastic over the prospects of a fair this Fall and are lending the enterprise every encouragement possible. Reports from nearby towns are to the effect that interest is keen and that great crowds may be expected to attend.

FALSE PRETENSE CHARGED.

Mr. Wm. A. Davis Arrested Yesterday Afternoon—Trial Today.

Mr. W. A. Davis, a well known young man of this city, was arrested yesterday afternoon by Deputy Sheriff J. H. Davis on a warrant issued by Justice Harriss charging him with obtaining money under false pretense. The affidavit upon which the warrant was issued was made by August Boecker, who entered a plea of guilty in the Recorder's court yesterday morning to a charge of selling imported beer in violation of the prohibition laws. The amount it is alleged the defendant obtained is not stated in the affidavit. Davis gave bond in the sum of $100 for his appearance at trial today at noon.

Boecker also caused the arrest of G. W. Lewis, colored, on a charge of embezzlement of $7. It is claimed that the negro was doing some collecting for him and failed to turn in the amount. In default of bond the negro went to jail. Lewis was arrested by Deputy Sheriff Reynolds and the warrant was issued by Justice Harriss.

New Cotton Coming In

About 2,000 bales of new crop cotton have thus far been received at the port of Wilmington, but the first steamer for a cargo for export will hardly arrive before the first of next week. The local market was quoted yesterday steady at 11 3-8 cents for middling.

CASES BEFORE RECORDER

August Boecker Fined $300 for Violating Prohibition Law—Two Sentences Imposed—Other Cases Yesterday

Although not as lengthy as the sittings usually are on Monday's yesterday's session of the Recorder's court was of more than ordinary interest and importance and a number of cases were disposed of, chief among which were three against August Boecker, a young white man, charged with violating the prohibition law by selling imported beer. He entered a plea of guilty in all three cases. A fine of $300 and costs was imposed in one, while judgment was suspended in the other two cases.

According to the allegations of the officers Boecker had a unique scheme of selling beer. When he would receive a cargo of imported beer he would turn it over to the customs officials here. It is claimed that when he made a sale he would go to the customs house, pay the duty and remove the number of crates wanted. Boecker is said to have asserted that he did not know this way of handling beer was a violation of the prohibition law. When the cases were called yesterday morning he entered a plea of submission through his attorney, Hon. John D. Bellamy, and the cases were disposed of as outlined.

J. D. Burnett and Alex. Burnett were arraigned on a charge of violating the Sunday selling ordinance by selling soft drinks and other articles on Sunday. They were found guilty and taxed the costs. Recorder Furlong remarked that he thought the defendants had as much right to sell soft drinks and cigars on Sunday as the drug stores and intimated that if an indictment should be brought against any drug store for selling soft drinks, cigars, etc., on Sunday and the charge was sustained by the evidence, he would not hesitate to deal with them in the same manner as he would a defendant who is not a druggist. He holds that the Council cannot make an ordinance that would discriminate in favor of the drug store in the sale against any soft drink or cigar stand of the same class of articles. In other words, he thinks that druggists who sell soft drinks, cigars, etc., on Sunday are just as liable to indictment as the small soft drink dealers, although some have construed the Sunday selling ordinance not to apply to druggists. The defendants in the case tried yesterday have a store on Fourth street, between Bladen and Harnett.

Sis Lucas, colored, was arrested Saturday night on a charge of drunkenness and disorderly conduct. She was so disorderly and boisterous when taken to police headquarters that a warrant was issued for her for nuisance committed at the City Hall. Assistant City Attorney Geo. L. Peschau was a witness to the conduct of the woman and he says that the cursing and swearing continued for 10 minutes or more. She was given six months on the county farm for nuisance, while judgment in the other case was suspended upon payment of the costs.

Henry Jackson, colored, pleaded guilty to carrying a concealed weapon and was fined $15 and costs. He also pleaded guilty in a case charging disorderly conduct and in this judgment was suspended upon payment of costs.

W. H. Kerman and Herbert Hobbs, white, charged with an affray, were required to pay costs.

John Groves and John Southerland, both colored and the latter only about 13 years old, were charged with a crime against nature. Probable cause being found both were bound over to the next term of Superior Court. They went to jail. Groves was found guilty of resisting an officer and for this offense was given six months on the roads, but he cannot be sent to the roads to begin the sentence until some disposition has been made in the case sent over to Superior Court.

Martha Howard, colored, was required to pay a fine of $10 and costs for disorderly conduct. Neil McArthur and James McDonald, both white, were tried on a charge of disorderly conduct. McDonald was found guilty and required to pay a fine of $5 and costs, while McArthur was found not guilty. A case against Mattie Allen, a denizen of the underworld, for violation of the prohibition law, was not prossed, owing to the fact that the State's principal witness, E. D. Smith, could not be located.

Cases against a number of white women of the underworld charged with vagrancy were continued until this morning. It is understood that the women through their counsel propose to vigorously contest the cases.

SEDUCTION CHARGED

Young Man Wanted In South Carolina Arrested In Wilmington

Charged with seduction in Conway, S. C., Austin Permenter, a young white man, was arrested yesterday morning in room No. 5, Garrell building, where he was employed with an insurance company. He was committed to the county jail to await the arrival of an officer from Conway to take him back to that place for trial. Permenter was going under an assumed name in Wilmington, but after being taken to police headquarters by Hall Officer Joe Lane, who made the arrest, he admitted his identity and stated that he was the man wanted in South Carolina.

Chief of Police Fowler, who is also a magistrate, committed the young man to jail for six months, as provided by statute, unless in the meantime he is called for by a South Carolina officer or his release is ordered by the authorities of the Palmetto State. The young man indicated his willingness to return to Conway without extradition papers and this fact was telegraphed to Sheriff B. J. Sessoms, of Horry county, by Chief Fowler. Sheriff Sessoms must have left immediately for Wilmington for Chief Fowler received a telegram from him last night from Chadbourn saying that he would be here on the next train. He was expected to arrive at midnight.

THE OPENING OF GARDEN CITY

Sensational Sale Begun Yesterday by Moore's Real Estate Agency—Over Half the Lots Sold—Residence on Premises.

The opening of the sale of Garden City lots, on the Wrightsville turnpike and the suburban line of the Tidewater Power Co., a little less than two miles from the city, proved the real estate sensation of the season yesterday and at the offices of Moore's Real Estate Agency, which conducted the sale, it was stated last night that 34 of the 63 lots had been taken, including the residence already on the premises.

It was the largest first-day sale of suburban realty ever held in the city and it is confidently expected that by tonight the remainder of the property will have been disposed of; certain it is, that the public received the announcement of the sale Sunday morning with open hearts and ready pocketbooks. The house and lot on the premises, formerly occupied by the owner of the premises, was sold to Mr. J. W. Freeman, for $1,600. This carries with it a lot 70x200 feet in size.

Even while the sale was at its height yesterday an army of workmen and teams were busy on the subdivision grading and laying sidewalks and roads and installing the metal drainage, which with the artesian water piped to every lot, has made this property especially desirable to those who expect to build and a large number of the purchasers yesterday have signified their purpose to take up their residence at Garden City in the not distant future.

The sale of this property will be continued from day to day and those who expect to make purchases should call at the offices of Moore's Real Estate Agency early today in order to make selections. A number of very desirable lots are still for sale and free automobile service at any time may be had for the asking.

These lots are well located on high ground which has been under the highest state of cultivation, are only one and one-half miles from the city, and are convenient to trolley line and turnpike. Artesian wated will be furnished free for two years to homebuilders, and electric lights are available at any time.

Mr. L. W. Moore personally or Mr. J. D. Edwards or Mr. A. K. Moore, of the agency, will be glad to show anyone the proposition or a map may be had on the grounds or at the office.

SALE OF BELLWOOD FARMS

Desirable Property on Castle Haynes Road Placed on Market by Hanover Realty Company—Sale to be Continued.

That the suburban real estate development of the future is to be the small farm, eligibly located, was demonstrated more than fully yesterday by the opening of the sale of the Bellwood Farms, on the Castle Haynes Road, four miles from the city, by the Hanover Realty Co., of which Mr. Levi J. Carter is president.

During the day 14 of these high-class, five-acre farms were disposed of at prices ranging from $500 to $800 and a number of other applications are on file that will result in purchases later. There are 115 of these farms, all told. They have been nicely laid out. They lie immediately on the Castle Haynes turnpike, which is now being rebuilt, and only a mile from Wrightsboro station, a shipping point on the Atlantic Coast Line to which the owners of the property are now extending a macadam road. This road will be deeded to the county and will be a public road upon its acceptance. The sale of this property will continue indefinitely and free automobile service will be given to any prospective purchaser desiring to look over the plat.

Mr. J. G. Seitter, who recently disposed of his farm on the Wrightsville turnpike to purchase a section of the Bellwood Farms, has already moved on the premises and has erected a comfortable home with all necessary barns, outhouses, etc., while Mr. Geo. H. Hutaff, Jr., who also purchased a section of this property is also improving his property in this neighborhood.

Bellwood Farms is one of the most attractive small farm propositions ever offered in this section and the Hanover Realty Co. feels confident that the sale will be rapid as the property becomes known. The land is under a high state of cultivation and the present year yielded a fine crop of corn, truck and other produce. Its close proximity to the city and shipping station, with the natural fertile character of the soil, is making it a splendid proposition for the small farmer or for the investor.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: D. R. Foster and wife to J. C. Long and wife, for $100 and other considerations, lot on west side of 14th street, 132 feet north of Church, 33x165 feet in size; R. G. Grady and wife to W. A. McGirt, for $1,000 and other considerations, lots 8 and 9 in block 26, Carolina Place, same being on north side of Wolcott avenue, 89 feet east of 19th street, 66x113 feet in size; Southeastern Realty Company to Major Loftin, for $100 and other considerations, lot on east side of 14th street, 154 feet south of Castle, 33x155 feet in size; Southeastern Realty Company, to Woodus Kellum, for $100 and other considerations, lot on southwest corner of 15th and Castle streets, 82 1-2x110 feet in size, and another on east side of 14th street, 121 feet south of Castle, 33x155 feet in size.

TRAGIC DEATHS SUNDAY

Two Young Men, Brothers, Killed by A Train at Bolton and Negro Seriously Injured—Had Laid Down Near Tracks.

Particulars were received in Wilmington yesterday of a horrible tragedy at Bolton, 50 miles below Wilmington, on the W., C. & A. road, early Sunday morning, when L. Beal, 20 years old, his 17-year-old brother, Claude Beal, sons of Mr. A. D. Beal, werekilled, the former instantly and latter lingering until the afternoon, David Green, colored, being seriously injured, as the result of having been run over by an Atlantic Coast Line train from Wilmington.

The young men were on their way to their home about a mile from Bolton and it is stated that they lay down on a small bridge a few feet from the railroad tracks to stretch themselves and fell asleep, being struck by the train before they awoke.

The skulls of the young white men were crushed. The elder was dead when he was picked up by persons attracted by the cries of the negro, but the youngest boy was still alive though unconscious. He lingered until the afternoon, when he died. The negro has a deep cut over the forehead, but he is expected to recover unless complications set in.

Dr. Slade Smith, of Bolton, coroner of Columbus county, was summoned soon after the accident and he viewed the body of L. Beal. He did not deem an inquest necessary as there was no evidence of foul play. The particulars of the horrible accident were told by the negro Green. He said that he and the Beal boys were at the store of the Waccamaw Lumber Company about 10 o'clock Saturday night and toward midnight, after making a number of purchases, they started for the home of the young men, about a mile down the track. He said that when they reached a small foot bridge about a quarter of a mile from the station they decided to lie down for a short while, stretching themselves out on the bridge with their heads toward the rails. Green is reported to have said that they went to sleep. It is thought that a short time later, probably in about an hour, the train passed and struck all three on the head, causing the death of the two young white men and seriously injuring the negro. Several persons near the station are quoted as saying that they heard the train blowing for Bolton. They said that the train continued to blow until it had passed through the town. The train did not stop and the presumption is that the engineer did not know he had run over the three men. As a reason for the continued blowing of the whistle as the train passed through the village, some have advanced the idea that the engineer might have had relatives in Bolton and he was blowing to them as a signal.

Groceries that the young men had purchased at the store were found scattered here and there and it is said that a pint flask of whiskey, from which a small quantity had been taken, was also found lying near the trio.

Mr. A. D. Beal, father of the two boys, is employed in the shingle department of the Waccamaw Lumber Company and is a highly esteemed citizen of the community. His wife died some time ago. Mr. Beal recently finished building a home at Bolton and his 12-year-old daughter had come to live with him and his sons. The grief stricken father and daughter have the sympathy of the people of that entire community in the tragic death of the young men.

Funeral services were held yesterday afternoon and the interment was made in the graveyard at Shiloh church about five miles from Bolton.

A NARROW ESCAPE

Salesman Rescues Another From Surf At Wrightsville Beach

Mr. A. B. Cheek, a traveling representative of the Kimball Piano Co., of Chicago, is reported to have had a narrow escape from drowning at Wrightsville Beach Saturday afternoon about 4 o'clock, while surf bathing about opposite Station 1 with his friend, Mr. Max Hess, also a representative of the Kimball people. Mr. Cheek had gotten beyond his depth and suffered an attack of cramps. Mr. Hess was attracted by his companion's distress and swam rapidly to him, tearing off the shirt of his bathing suit and throwing it to him as he had gone down for the second time. Mr. Cheek grasped the shirt and with it, Mr. Hess swam rapidly to the shore. Mr. Cheek was unconscious for nearly an hour but was finally resuscitated and was able to leave yesterday morning on a business trip. His friends are warmly congratulating him upon his escape from drowning and are commending Mr. Hess for the timely rescue.

Connecting Up the Road

A force of county convicts is at work making the connection between the Wrightsville turnpike and the Dock street extension which was recently improved by the city. The building of this connection necessitated the purchase of a small strip of land from the Hanover Realty Co., and the intersection of the roads is being splendidly macadamized. The connection of this street will relieve the congestion of traffic at 17th and Market street, which has come to be known "dead man's curve" from the occupation of the street by the trolley line and the intersection of three county roads there, leading into the city.

The Men Who Succeed

as heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half-alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at R. R. Bellamy's.

JUMPED INTO THE RIVER.

After Leaving Hotel by Fire Escape Young Man Plunges Into Stream.

Despondent because of the illness of his wife and probably not responsible for his action, Gerano Paul, who has been engaged as interior decorator in the improvement of the lodge rooms in the Masonic Temple, created considerable excitement Sunday afternoon when after leaving the Purcell House by means of the fire escape from the fourth story window, he plunged into the Cape Fear river at a point between Ann and Nun streets, being rescued by two boys only to jump back into the river at the sight of a police officer, but fortunately was rescued a second time and taken to police headquarters. A short time later he was released and paroled in the custody of his brother, who stated yesterday that the young man was much better and probably would soon be all right again.

It seems that Paul went down the fire escape to a point where it ended about 10 or 15 feet above the ground. He then tied a small string to the fire escape and attempted to let himself to the ground on this. Of course, the string gave away and se fell to the ground, but fortunately he was not injured. He went to the river and jumped overboard, but was rescued by two boys in a row boat. Officer J. R. Minshue came up about the time the man was gotten out of the water and at the sight of the officer he again plunged into the stream. He was brought ashore a second time by the boys with the assistance of the officer. This time he was taken to the City Hall, where his brother called for him a short time later.

Chief Fowler said that he had intended having an inquiry by the Clerk of Superior Court as to the young man's sanity, but the brother said that he was not insane, but that he was temporarily in a bad mental state on account of the illness of his wife, information of which he had received only a day or two ago. The brother asked to be allowed to take the young man and place him under the care of a physician and the request was granted.

WILMINGTON YOUNG LADY MARRIED AT CHATTANOOGA.

The following from the Chattanooga News will be read with interest here:

"A very pretty wedding took place Friday evening at the residence of Mrs. Thweatt, on Mission Ridge, when Miss Maddie Fulcher, of Wilmington, N. C., was united in marriage to Buford Thweatt, of this city. The ceremony was performed at 8:30 by the Rev. Ira D. Warner, of the First United Brethren church, of Highland Park. The simple ring service was used. The bride was indeed beautiful in her wedding gown of white satin, fashioned in lace. Immediately after the ceremony there was a season of congratulations and best wishes and a buffet luncheon was served.

"The young couple will make their future home in this city and the bride will be given a very cordial welcome among the husband's friends.

"The groom is a man of sterling qualities and is indeed worthy of the charming young woman he has won for his wife.

"The bride is a member of an influential family of Wilmington, and is very popular among a host of friends."

CAROLINA COLLEGE CLUB IS DOING FINE WORK

Maxton, N. C., Sept. 9.—The most enjoyable social affair that has been given in Maxton this season was a linen and kitchen shower given under the auspices of Carolina College club, Thursday evening, September 5th, 8 to 11 o'clock. The beautiful rooms of the Commercial Club had been tastefully arranged by a committee of ten, of which Mrs. A. J. McKinnon was chairman. The appropriate college motto, "We can and we will," most exquisitely designed, was suspended above the entrance to the west room. The guests were received in the beautiful south room by a number of ladies, each one depositing gifts for the dining room and kitchen upon tables that had been arranged for that purpose. They were then ushered into the west room and engaged for a few moments in delightful social intercourse. The lively crowd was then called to order by Mayor McKinnon, who outlined the programme for the evening.

A beautiful college chorus, written by Miss Croom, the highly accomplished daughter of Dr. J. D. Croom, was rendered by a bevy of young ladies. It was rather in the form of a toast to Carolina College and President Mercer, adapted to the music of "Ho, for Carolina." After this Miss Katie Lee McKinnon, the beautiful and gifted daughter of Major A. J. McKinnon, rendered in her own inimitable way, a recitation, "The Blue-back Speller," adapted to Maxton. These selections were received with tremendous applause, after which an old-time spelling bee was engaged in to the amusement and delight to the large number of guests. The prizes for the best speller went to Mr. R. D. Croom, and Mrs. Dr. McClelland, while the consolation prizes in the shape of a blue-back speller, were awarded to Miss Anna Clarkson and Mrs. McKay McKinnon. After this the crowd dispersed, voting this a most enjoyable and profitable evening.

The gifts for the dining room and kitchen were numerous and useful. The aggregate value would be about $160, the table linen alone, amounted to $70.

Carolina College Club, under the leadership of Miss Sallie Lou McKinnon, was organized several months ago and has grown steadily until it is one of the strongest, most enthusiastic, most active organizations in this part of the State. Its aim is to promote the interests and welfare of Carolina College. Its purpose, at present, is to put $2,000 worth of equipment in the kitchen and dining room. The young ladies who come to the college this Fall may rest assured that they will have the very best. Things are being rapidly put in readiness for the opening day, September 25th. The interior of the college is complete, and furniture is arriving every day, and the prospect is bright for a fine opening. Students are being matriculated rapidly and everything points to a prosperous year for the college.

PERSONAL PARAGRAPHS.

—R. K. Bryan, Esq., of Scott's Hill, was in the city last evening on his way to Bunrgaw. He was accompanied by his son, Mr. John Shepard Bryan, who is en route to Chapel Hill to resume his studies at the University.

—Chief Chas. Schnibben, of the fire department, will leave Thursday of this week for Denver, Colo., where he will attend the annual meeting of the National Association of Fire Chiefs. He will be away about two weeks.

—Among yesterday's arrivals at The Orton were Seth L. Smith, Whiteville; Courtney Campbell, Wilson; E. I. Pool, Lumberton; Dr. R. B. Whitaker, Whiteville; T. M. Thompson, Southport, and C. H. Polley, Hallsboro.

—Among those registered at The Orton Sunday were F. W. Davis, Elizabethtown; G. R. McNeill, Whiteville; K. Farrior, Durham; H. C. McNeill, Newbern; L. B. Fleming, Durham; A. A. Wright, Elizabethtown; J. E. Beaman, Fayetteville.

—Arrivals yesterday at The Southern included W. M. Hand, Burgaw; J. F. Blizzard, Rose Hill; Mr. and Mrs. D. J. Corbett, Currie; F. M. McCall, Maxton; M. F. Shaw, Hallsboro; C. L. Cotton, Southport; J. A. Stanford, Willard; Jas. Snell, Hamlet; C. L. Foy, Dixon; A. D. Williams, Charlotte.

LOCAL DOTS.

—License was issued yesterday for the marriage of Mr. John C. Blackwell, Jr., of Wilmington, son of Mr. John C. Blackwell, of Dillon, S. C., and Miss Janie Branch daughter of Mr. and Mrs. Giles Branch of Wilmington.

—Mayor Joseph D. Smith, who has charge of the city market houses, has advertised for bids for improvements of the Front street market house, according to plans prepared by Mr. Jas. F. Gause, the architect. Bids are to be opened at noon September 16th, in the city clerk and treasurer's office. Considerable improvements are contemplated.

—The County Board of Education met in regular monthly session yesterday afternoon with J. O. Carr, Esq., the chairman, presiding, and Mr. C. E. Taylor, Jr., a member, and County Treasurer H. McL. Green in attendance. The meeting was devoted largely to routine matters. The books of County Treasurer Green were audited and approved.

—Charged with bathing in the Cape Fear river, opposite the local yards of the Seaboard, in a nude condition, Herman Drew, a white youth, was arrested yesterday afternoon by Policeman Leon George. The boy was committed to the city prison. When his father went down to take him out of prison the boy was so insolent to him that he was allowed to remain in his cell.

—A pair of opera glasses is at the police station awaiting the owner. A negro youth attempted to pawn the glasses at Finkelstein's pawnshop Saturday night and when closely questioned as to the ownership of them the negro ran from the store, leaving the property in the hands of the clerk. A few minutes later the clerk turned the glasses over to Policeman J. T. Smith.

—E. L. Howard, colored, manager of a moving picture theatre on Seventh street, between Castle and Queen, charged with keeping a disorderly house by allowing patrons of the show to act in a disorderly manner, waived preliminary examination when the case came up for trial in Justice Harriss' court yesterday and was bound over to the Recorder's court. The Recorder will hear the case today.

—Suit was instituted in Superior Court yesterday by C. J. Mitchell, doing business as the B. F. Mitchell Company, against A. W. and E. A. King, doing business as A. W. King & Co. While the complaint has not yet been filed it is understood that the plaintiff is seeking to recover about $300 alleged to be due on account. The King brothers were formerly in business in Wilmington, but are now in the fish business in Pender county. W. P. Mangum Turner, Esq., represents the plaintiff.

Many Driven From Home

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs make it a positive blessing. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

Double Comedy Reel.

WRIGHTSVILLE BEACH

Mr. and Mrs. E. Richards, of Lynchburg, Va., have arrived at the Hanover Inn, to spend two weeks.

Mr. and Mrs. E. Richards, of Lynchburg, Va., are at the Hanover Inn for a stay of ten days.

A delightful informal dance was given in honor of Miss Ethel and Miss Lilly Carter, of Wallace, N. C., at the Hanover Inn last night.

Mr. L. B. Fleming leaves today for Samsoun, Turkey, after a stay of a few days at the Oceanic Hotel. He represents the American Tobacco Co. as buyer at Samsoun.

Large crowds heard the concerts at Lumina Sunday, both afternoon and night. Splendid programmes were rendered and the various selections were greatly enjoyed by all.

Hundreds of persons from Wilmington visited the resort Sunday afternoon. The beach was lined with bathers, all the bath houses doing an unusually large business for this late in the season.

After spending the Summer at their cottage on the beach, Hon. John D. Bellamy and family moved back to the city yesterday. Mr. Emmett Bellamy expects to leave within a short time to enter the law school at Harvard University.

Among the late arrivals at Hanover Inn were W. B. Brice, Wallace; L. Wall, Richmond, Va.; J. L. Slaughter, Richmond; T. F. Justice and L. D. Swift, Charlotte; E. Richards and wife, Lynchburg, Va.; L. J. Thomas and wife, Columbia, S. C.

Responding to the requests of a number of friends, Mr. and Mrs. Michael Dempsey, of Atlanta, Ga., entertained most delightfully a party at the Oceanic Hotel Sunday night. Mrs. Dempsey has a fine voice and Mr. Dempsey is an elocutionist of marked ability.

Mr. John Hasty, the chief steward at the Oceanic Hotel the past season, and Mrs. Hasty left yesterday for Charleston, S. C., and from that city they will go to Florida, where they will spend the Winter, Mr. Hasty having secured a position with a big hotel in that State.

At Lumina this evening a special prize dance will be given and the attendance is expected to be large. A handsome brooch will be given away among the souvenirs. It will be placed in a package corresponding in size and appearance with the smaller souvenirs and there will be no way of telling until the packages are opened who gets the grand prize.

COUNTY ELECTION BOARD.

Getting Ready for General Election in November—Officers Named.

The County Board of Elections, composed of Mr. John S. McEachern, chairman; Mr. Wm. Struthers, secretary, and Mr. R. C. DeRosset was in session some time yesterday afternoon, making arrangements for the general election to be held in November. Registrars and pollholders are to be appointed and polling places designated. The registration books will be open for 20 days preceding the election. There will be no new registration but the books will be open for revision and for any new registrations that may be required. The registrars will attend at the polling places only on Saturdays during the registration period, but on other occasions names will be registered at their accustomed places of business or at their homes. Members of the board spent yesterday afternoon in making a trip to the several wards and precincts for the purpose of securing polling places, arrangements having been perfected for all of these except the Fourth Ward. Today a trip will be made through the county for the purpose of selecting the polling places there.

Contrary to popular supposition, the Election board will not appoint the registrars and pollholders for the Senatorial primary to be held the same day as the general election. This matter will, it is understood, be in charge of the Democratic County Executive Committee as the Senatorial race is strictly a party contest.

LOST IN SWAMP.

Aged Colored Couple of Sampson County Have Trying Experience.

Wandering for two days and two nights in the fastness of "The Dismal", an almost impenetrable swamp between Kerr and Tomahawk, Sampson county, in a vain effort to find some habitation, Samuel Meredith, aged 92, and his wife, Millie Meredith, aged 82, both colored were rescued late Wednesday afternoon after one of the most trying experiences in their lives. They had started from their home at Kerr to Tomahawk and in traveling a small path skirting the swamp or bay they lost their way and entering the swamp, were unable to find their way out. A single ear of corn carried by the colored man and the gall berry bushes of the swamp afforded them all the sustenance they were able to get during the two days and nights. When they failed to reach their destination, fearing the worst, a party of searchers went for them and finally succeeded in locating them Wednesday afternoon, tattered and torn and almost exhausted with hunger. The woman had lost her reason, it is reported, and had to be forced to go with her rescuers to Kerr where the aged couple were provided for. The aged couple are among the oldest people in their community and are highly reepectable.

..Theatrical..

Today is scheduled to be another great day at the popular Bijou. One of those "winning bills" that this amusement palace has become so famed for, will be offered and will be enjoyed by every one. It will be a bill savoring richly of comedy, and striking fire with the best in the dramatic line. Add to this the Bijou's solid comfort ways, and one will truly see that a most charming day is on tap. All, too, be it remembered, for the small price of admission of 5 cents.

Another one of the noted "Captain Barnacle" series will be offered today. "Captain Barnacle" is a big favorite with amusement devotees, and it has been some time now since he appeared. So he will, no doubt, be given a hearty reception today at the Bijou. In today's film is told a rugged story of Africa and the onlookers are taken into the jungles of this country. Combined with thrills are many scenes of mirth, which will make the offering one of exceptional power.

"As the Fates Decree" will be another powerfully dramatic story on today's bill, and it will certainly immensely delight all. The story is of a man who jilts a woman and later falls in love with her daughter, visiting at a seashore. The manner in which the worthlessness of the man is shown and the timely arrival of the mother to denounce him are vivid and exciting. The film contains a particularly thrilling scene in a rescue from the surf. It is also a decidedly novel episode for moving pictures.

The other films for today are also daisies and will be enjoyed in giant way.

Comedy at The Grand.

Nothing appeals to patrons of the moveys more than comedy and the Grand today will offer an especially attractive bill of this character. After all people go to the theatre to be amused and that's exactly what the Grand offers to all comers for this afternoon and evening and that, too, at the small price of five cents to any part of the house.

The feature film is a Biograph and everybody knows what the Biograph films are. "An Interrupted Elopement" is the subject and it tells how the father of Bob's sweetheart doesn't think so much of him and what follows their elopement. A trick of fate turns the tide and all's well that ends well. On the same reel will be "The Tragedy of a Dress Suit." Down and out Dick is seated in the park in abject despair. A friend happens along and invites him to the tennis court where he meets an heiress. The proper raiment brings on some complications and the escape of the young man from the dilemma is funnier than the proverbial box of monkeys.

While comedy is reigning supreme the Grand will also offer a sweet pastoral story that will give beauty and variety to the bill. It is the story of "Back to the Farm" as told by the Essanay people. It is unique in plot conception, showing the most modern farming methods as compared with those of years gone by. Then there is a third film, an always delightful auditorium and good music by the Grand Orchestra.

Mutt and Jeff.

"Mutt and Jeff" comes to the Academy Saturday, matinee and night. This is about all the announcement that is necessary. On this alone "Mutt and Jeff" would play a week of capacity business as it has done all along the line, but we like to talk about "Mutt and Jeff" and the success it has made in every part of the country. It is music to the ear to hear box office statements read, announcing more records "smashed to smitherines." Everybody knows by this time that "Mutt and Jeff" is the one great big smashing success of the theatrical season, New York, Chicago, Boston, Philadelphia, and in fact every town, city or hamlet in the country with an opera house has played "Mutt and Jeff" to the biggest receipts of the season, in fact many times to the record of the house since its opening. There's a reason for this and it is not hard to guess. "Mutt and Jeff" is just what the people were waiting for and you couldn't keep them away from it with a team of horses. Seats will be on sale at Plummer's Friday.

Field Greater Minstrels.

Twenty-seven years ago a score of minstrel companies struggled for supremacy. Today but one survives. The Al. G. Field Greater Minstrels has outlived all predecessors and rivals, and, while the company has traversed the same route season after season, theatre-goers have looked forward to their visit with a degree of anticipation that has never been equalled.

Heralded as the only manager who annually prepares a programme of up-to-the-minute novelties, Field also enjoys the sole distinction of being the originator of mechanical and electrical effects that surpass other producers in this particular field of endeavor. This season one of the most intricate and realistic pieces of stage mechanism shows the big automobile races, the finale of the spectacle "Minstrelsy, Past and Present." Replicas of all the racing cars tht took part in the speed contests on Ormond Beach are graphically reproduced, and the drivers and mechanicians are seen speeding across the stage at 80 and 90 miles an hour.

Blended in this stirring scenic display is a rich vein of comedy in which the entire laughing force of the Al. G. Field Greater Minstrels is elisted.

This season's engagement at the Academy will be next Monday night.

MAY BE IN PITTSBURG.

Probable That J. P. Prior, Wanted Here, Has Been Located.

Chief of Police Fowler yesterday received a telegram from the chief of police of Pittsburg, Pa., asking him for further description of J. P. Prior, the young cashier and bookkeeper for A. D. Rich & Co., furniture dealers, who disappeared Saturday night simultaneously with the disappearance of $100 or more from the cash drawer. It is presumed that the Pittsburg police believe they have located the man wanted in this city, but desired further description in order to make sure that they were right before giving it out that they had made an arrest.

Detailed information was telegraphed to the Pittsburg chief last night by Chief of Police Fowler, but no reply had been received up to midnight.

Chief Fowler learned yesterday that Prior left Wilmington on the 6:30 o'clock train for Fayetteville Saturday afternoon. Fayetteville was notified that Prior was wanted here and the officers there were given a description of the man, but he was able to evade them and probably took a through train there for the North.

BIG SHIPMENT OF "BOOZE."

Sleuths of Police Department Find Where Intoxicants Are Delivered.

That the Department of Public Safety has not abandoned the campaign against "blind tigers" but on the other hand has just begun the fight, was clearly shown by the work of three of the clever sleuths of the department yesterday. The officers, working under the directions of Councilman B. C. Moore, ascertained that there were 30 barrels of beer and 10 or 12 barrels of whiskey at one of the local railroad depots for a man who lives on Wrightsville Sound. They waited around the depot for further developments. An automobile truck came up and some of the beer and whiskey was loaded on it. Hall Officer Joe Lane followed the automobile truck on a motorcycle and saw where it was delivered on the sound. He then returned to the city. Officers did not express much wonderment when later on in the afternoon the same truck brought the intoxicants back to the depot.

AUTOMOBILE WRECKED.

Car Belonging to Mr. Geo. O. Gaylord Ran Into Tree—Negro Hurt.

In an effort to run around a cart at a point about 400 yards this side of Highwood Park, on the turnpike, yesterday morning about 10 o'clock, the steering apparatus of an automobile belonging to Mr. Geo. O. Gaylord and operated by Bennett Fowler, colored, became disarranged with the result that the machine crashed into a tree on the side of the road, wrecking the front part of the car and injuring York Waters, colored, who was riding to the city in the car. Waters was severely cut on the arm by the wind shield, which was demolished. He was taken to the hospital, where his wound was given attention. The driver of the car was not injured. The front part of the car appeared to be badly damaged as a result of the accident. Fowler was returning to the city from Wrightsville Sound, where he had been on a trip for Mr. Gaylord, when the accident occurred.

MR. W. H. BATSON DEAD.

Passed Away Sunday After Week's Illness—Burial at Ashton.

Many friends in this city and section were grieved Sunday to learn of the death of Mr. W. H. Batson, which occurred Sunday afternoon at 12:45 o'clock at his home at No. 509 South Second street, following a week's illness of a complication of diseases. Mr. Batson was 67 years old and leaves two sisters, Mrs. A. M. Allen, of Ashton, and Mrs. G. W. Bradshaw, of Wilmington, and one brother, Mr. J. T. Batson of this city. The body was taken yesterday to Ashton, where the funeral and interment took place, the services being conducted by Rev. J. S. Crowley, pastor of Immanuel Presbyterian church, of this city. The pall-bearers from the house to the train were Messrs. H. O. Padrick, D. W. Ormsby, E. Child and S. B. Corbett.

Rivals Her Daughter In Youthful Beauty

(From Social Register.)

A well-known society matron whose youthful beauty is so well preserved that she is regarded as her daughter's rival in this respect—though she does not pose as such—attributes her girlish complexion chiefly to two things. She says:

"I am convinced that creams, by overloading the skin and pores, tend to age the complexion. Mercolized wax has just the opposite effect. It keeps the pores clean, permitting them to breathe, and removes dead particles of cuticle which are constantly appearing and which give the complexion that faded look. Whenever my skin begins to get the least bit off-color, I go to my druggist's for an ounce of mercolized wax; I apply this nightly like cold cream, for a week or so, washing it off mornings. This is what keeps my complexion so fresh, white and velvety.

"The absence of wrinkles and flabbiness I owe to the use of a simple face bath prepared by dissolving one ounce of powdered saxolite in a half pint witch hazel. This keeps the skin 'tight' and firm."

BREAK FOLLOWS EARLY GAIN

Opening Advance In Cotton Market Carried Prices Into New High Ground But Close Was 13 To 20 Points Lower

New York, Sept. 9.—An opening advance in the cotton market today carried prices into new high ground for the movement, but a sharp break followed and the market was weak and unsettled in the late trading, with the close steady at a net loss of from 13 to 20 points. The market opened firm, at an advance of 9 to 17 points, on heavy over-Sunday buying orders, encouraged by the strength of the market last week, better cables than expected and continued reports of crop deterioration from Eastern sections of the belt and from South Texas. December contracts sold at 11.85 on the call, or practically 85 per bale above the recent low record and at this level there was extremely heavy realizing. Selling may also have been inspired to some extent by the census figures, showing nearly as much cotton ginned to September 1 as last year, and while the market met considerable support on a scale down, prices gradually eased off, with sellers becoming more aggressive, following the detailed weather reports for the Eastern belt, showing somewhat lower temperatuers. Late in the afternoon stop loss orders were uncovered and the market broke very sharply in the last hour, with December contracts selling off to 11.53 or more than $1.50 per bale below the high level of the morning. Closing prices were within a point or two of the lowest, although there was enough covering to give the market a slightly steadier tone during the last few minutes, owing, possibly, to reports that storm warnings had been ordered for the Florida coast.

COTTON GINNING REPORT

Issued Yesterday Shows 729,926 Bales Of New Cotton Ginned

Washington, Sept. 9.—The first cotton ginning report of the Census Bureau for the 1912 season, issued at 10 A. M. today, announced that 729,926 bales of cotton of the growth of 1912 had been ginned prior to September 1st, counting round as half bales. To that date last year 771,297 bales, or 5 per cent of the entire crop had been ginned; in 1908, 402,229 bales, or 3.1 per cent of the crop, and in 1906, 407,551 bales or 3.1 per cent of the crop.

Included in the total ginnings were 6,134 round bales, compared with 1,709 round bales last year to September 1st; 10,976 round bales in 1910, and 11,587 round bales in 1909.

The number of bales of sea island cotton included was 231, compared with 546 bales for 1911; 218 bales for 1910, and 1,236 bales for 1909.

Ginning by States follows:

Alabama, 12,798; Arkansas, 81; Florida, 1,769; Georgia, 33,984; Louisiana, 1,702; Mississippi, 456; North Carolina, 670; Oklahoma, 273; South Carolina, 4,254; Tennessee, —; Texas, 673,939; all other States, —.

STOCKS CONTINUE IRREGULAR

Dullness Goes on With Resumption of Operations—Canadian Pacific Exhibits Strength—Interest in Election.

New York, Sept. 9.—The stock market lost little of its irregularity and dullness, with the resumption of operations today. It has been so frequently the case of late that a number of special stocks were active at material advances.

Canadian Pacific was almost the sole railway issue to exhibit any degree of strength, its rise coinciding with advances from the Dominion indicating that much of the recent opposition to the proposed capital increase had subsided. Harriman issues, selling ex-dividend, was plainly under restraint, as were also the Hill stocks, regardless of Great Northern's handsome July returns. In the late afternoon soon after the publication of the government crop report the entire list moved forward to the highest level of the day.

Other events to which Wall Street gave interest was the outcome of the Maine election, the meeting of the railway engineers' board and the August report of the copper producers, showing a large decrease in supplies. More important, perhaps, than these were the renewed indications of lighter money and the Mexican situation. Last Saturday's poor bank statement was reflected in an advance in over-year money to 5½ per cent, while call loans averaged 4 per cent.

The bond market was steady on light dealings. Total sales, par value, amounted to $1,565,000. U. S. Government bonds were unchanged on call.

WILSON TALKS TO N. Y. PRESS CLUB

(Continued from Page One).

is that if I cannot be the people's spokesman I don't want them to vote for me. I want to feel, if I am elected to the office of President, that I am speaking the purposes and impulses and judgments of the people of the United States. We are men, we are not politicians. We do not live our lives at the polls. We are interested in politics only as it is a means of adjusting the law to serve our life as it should be served.

"I want to discuss the three parties now seeking your support. I know there are more than three parties in the United States, and it is not out of any disrespect to the parties that have commanded only a small number of votes in the past that I leave them out of the reckoning for the present.

"Let us consider, first, the Republican party. There is a great deal of difference between the Republican party and certain groups of gentlemen who have been allowed to lead and direct the Republican party. The Republican party, as represented by these men, is the very party which has got us into the difficulties we are now trying to get out of. I do not have to prove that, because we have got into these difficulties in the last 15 years, and during the last 15 years that party has been in power. If it did not get us into these difficulties, who did?

"Mark you, I am not saying that the leaders of the party knew that they were doing us an evil or that they intended to do us an evil. For my part, I am very much more afraid of the man who does a bad thing and does not know it is bad than of the man who does a bad thing and knows it is bad; because I think that in public affairs stupidity is more dangerous than knavery; because harder to fight and dislodge. These gentlemen, whatever may have been their intentions, linked the government of the United States with the men who control the big finances of the United States. They may have done it innocently, or they may have done it corruptly, without affecting my argument at all. Provided you admit that they tied the government of the United States to the big financial interests of the United States, you have admitted my point. And they themselves cannot escape from that alliance.

"Here is the old question of campaign funds: If I take a hundred thousand dollars from a group of men representing a particular interest that has a big stake in a certain schedule of the tariff, I take it with the knowledge that those gentlemen will expect me not to forget their interest in that schedule and that they will take it as a point of implicit honor that I should see to it that they were not damaged by too great a change in that schedule. Therefore, if I take their money, I am bound to them by a sort of tacit pledge of honor, and if I desert them I change the whole character of the government.

"The men I am interested in are the men who never have their voices heard, who never get a line in the newspapers, who never get a moment on the platform, who never have access to the ears of Governors or of anybody who is responsible for the conduct of governemnt but who go silently and patiently to their work every day carrying the burden of the world. How are they to be understood by the masters of finance, if only the masters of finance are consulted? The masters of finance ought to be consulted, because they are a part of the people of the United States, but they ought to be consulted only in proportion as they are part of the people of the United States.

"There is a large body of Republicans now in open rebellion. And what interests me about them and draws me to them is that they are in revolt because their consciences could not stand what was going on. That third party deserves your careful consideration when you are debating the question which party you are going to support. I would be ashamed of myself if I did not realize and admit that some of the sober and finer forces of this country are now devoted to the promotion of this new movement and party. I have known the insurgent Republicans a long time. They first began to crop up in that supposedly backward State of New Jersey a great many years ago. There we called them the New Idea Republicans, when the idea that what the Republicans were doing at Washington was wrong was a new idea—a new idea among Republicans. It was a rather old idea among Democrats.

"If this new party is preferred on the fifth of November, will it be in a position to clear the decks and carry out the policy which many noble gentlemen have conceived that it was sincerely bent upon. Politics now at last is intensely practical and real. We cannot afford to vote on the fifth of November and then wait another four years. The processes of reform in this country must take place within the next four years. If the leader of the third party is made President, what will be the situation? Does anybody suppose that he will have a third party Congress behind him? It is not inevitable that in such an event there will be in Congress such a mixture of elements and groups and coteries that the President cannot possibly get any programme whatever put through? We have had samples of the confusion already. We already have a very queerly assorted Senate of the United States. There are some Democrats in it, some near-Democrats, some Republicans, and some ex-Republicans, and it has been a gambler's chance whether they would get together on any thing or not. It has been difficult to guess after a bill passed the House of Representatives exactly what was going to happen to it when it got into the Senate, and the roll call in the several votes has seldom showed the same list of names.

"Now, suppose you had a House of Representatives mixed like the present Senate? I think we could all go fishing for the next two years! And if at the same time you had a leader insistent upon certain policies, I think the air would be full of clamorous voices, but the statute book would be very empty of fulfilled promises—not because, it may be, nobody was trying to fulfill the promises, but because everybody was trying to fulfill a different promise.

"But the most certain impediment to progress I have not yet spoken of. The new party does not even propose to clear the decks and set the government free to act. The central proposal of its actual programme is to legalize monopoly. Instead of defeating, instead of reversing and remedying, the evil things that have been done under the mistaken leadership of the regular Republican leaders, it proposes that the results of their mistakes shall be legalized and made regular by being taken under the direct supervision of the government of the United States. Whatever may be the philanthropic purpose of certain parts of its programme, the inevitable result of that particular proposal will be to confirm by law the partnership between great trusts and the Federal government. I do not say that this is what the leaders of the new party expect or propose, but merely that that is what will happen, what must happen under such a plan. There has been a history of the human race, you know, and a history of government; it is recorded; and the kind of thing they propose has always led to the results which I have predicted.

"Then you have only the Democratic party left; and you will ask me how I can set up a claim for the Democratic party. Well, in the first place, it is rather a fine discipline to have been on the outside for 16 years. You have not instrusted the government of the United States to the Democratic party because the Democratic party has been opposed all these years to the things that the Republican leaders were doing. Is not that a statement of mere fact? Haven't we been attacking them and opposing them all these years, and proposing programmes that once looked radical and now look reasonable? We havn't just begun being progressive. We have been progressive for 16 years, and we saw the year 1912 half a generation before it came. Are you going to give us no credit for vision? Do you not think it counts for something to stay out in the cold on a conviction for 16 years?

"The Democratic party is now, perhaps for the first time in a generation, united, solid, and enthusiastic. And the Democratic party is the only organized force by which you can set your government free. I was bred in a football college; I know that what wins is team work; and I want to tell you that we have now got a Democratic team, schooled in years of adversity, that can hold together against any team that can be put in the field, and as compared with which some teams recently organized are only scrub teams."

PROSECUTION CLOSES.

And 15 Defense Witnesses Are Examined in Allen Case.

Wytheville, Va., Sept. 9.—With the examination of five witnesses this morning, the prosecution closed its case in the trial of Victor Allen for alleged complicity in the Hillsville court house murders, and in the afternoon 15 witnesses for the defense were examined.

The prosecution's evidence today was as to alleged threats made against the Carroll county court by Floyd Allen, father of the prisoner, and who has been convicted of first degree murder. One witness testified that Wesley Edwards did not wear a scarf on the day of the tragedy, the State hoping to prove by this that the man wearing the scarf was Victor Allen and that he participated in the shooting.

Three of the witnesses put on by the defense in the afternoon had not testified in the previous trials. They testified as to the good reputation enjoyed by the prisoner in Carroll county. C. B. Allen, a merchant, testified as to a conversation with Preston Fowler, a witness for the commonwealth. Fowler at that time making statements, the witness said, contrary to what he testified to on the witness stand.

STRIKE THREATENED.

Southeastern Railroad Men May Walk Out if Demands Are Not Met.

Norfolk, Va., Sept. 9.—While there are rumors in circulation that conductors and trainmen employed by the Norfolk & Western, Chesapeake & Ohio and Virginian railroads will strike tomorrow because their demands for an increase in wages and better working conditions have not been agreed to, officials of the three roads declare that they have no knowledge of the intended walk-out.

A conference of trainmen and officials of the three railroads was held here Saturday for the purpose, it was said, of ascertaining just what the men wanted. Another conference will be held tomorrow or Wednesday, when it is said the railroads will either grant or refuse the demands of the men. Until the answer from the railroads is received, the men are expected to remain at work.

DURHAM COLLEGES OPEN.

Southern Conservatory of Music and Trinity—The Outlook.

(Special Star Correspondence.)

Durham, N. C., Sept. 7.—Last Thursday morning at 8 o'clock the Southern Conservatory of Music began its 16th year. During the 15 years that Mr. G. W. Bryant has had charge of this institution it has steadily advanced its standard of work and gained prestige, until today it ranks with the best institutions of its kind of the South.

The Conservatory has enrolled this year more students than ever before in the history of the institution. Besides the city students, there are so many girls from all parts of this State and from other States that it is impossible to accommodate all of them at the regular dormitory, and many of the young ladies are forced to secure board with private families. Thursday was taken up in the registering of the students and in the arranging of schedules of work.

Mr. Bryant announces that this year the Conservatory will give a musical recital, to which the public is invited. This gives the people an opportunity to watch the progress of the pupils, and incidentally furnishes the music loving public rare entertainment.

The city schools are to begin the year's work next Monday. The opening has been put off for a week on account of some work that was being done on several of the school buildings. All the teachers are now in the city. About 20 of them have been studying at Columbia University during the Summer; others have been at the University of Chicago and at other institutions of learning. This year two new supervisors have been added to the faculty. They are Mrs. J. A. Robertson, supervisor of primary work, and Miss Eva Minor, of Oxford, supervisor of music.

Preparations are going on for the opening of Trinity College. The opening takes place next Wednesday. Many students, however, have already arrived and more are coming in on every train. This year promises to be the greatest in the history of the college, so far as number of students is concerned. Fully 500 students are expected to enroll at Trinity this year.

During the Summer continual work has been kept up on the buildings and the campus. The new west dormitory will be ready for occupation by the 11th. The campus has been worked and leveled until it presents a handsome appearance. This year the co-eds will have a home on the campus. The old faculty house has been put in shape and turned over to the young ladies.

All the members of the faculty, with the exception of Dr. Wannamaker and Prof. Flowers, have spent the Summer out of the city. Profs. Spence, of the English department, and Webb, of the French department, and Laprade, of the History department have spent the vacation in Europe. Dr. Brown has been in Chicago during the Summer and Prof. Gates has been resting up in Baltimore. The other members of the faculty have been resting up at various places.

This year several new members are added to the faculty. They are as follows: Prof. C. W. Peppler, Greek department; Holland Holton, in the English department; R. W. Briggs, in the Civil Engineering department, and Prof. W. S. Lockhart, in the law school.

ARKANSAS ELECTION CLOSE

Prohibition Amendment In Doubt—Big Democratic Majority

Little Rock, Ark., Sept. 9.—Because of the length of the ballot and the slow method of counting, only meagre returns from today's State election had been received up to 11 o'clock tonight, and while the negative side of the proposition for the adoption of a prohibition amendment had a slight advantage, the returns in hand cannot be taken as indicative of the result. The usual Democratic majorities for State officers is being rolled up.

In the larger cities the advantage was in favor of the "wets," but in the country districts, especially in the Northwest section of the State, the 'drys" polled a large vote. Likewise first returns showed slight majorities against the adoption of the so-called "grandfather clause."

On the several other proposals the returns were not indicative.

The vote polled was large and dispatches from a number of points indicate that returns sufficient to definitely establish the result will not be available until tomorrow.

PURELY ACADEMIC

Roosevelt Thus Characterizes Wilson's Criticism of Minimum Wage Plank

Spokane, Wash., Sept. 9.—Gov. Wilson's criticism of the Progressive minimum wage plank was characterized by Col. Roosevelt in a speech here today as "purely academic."

Col. Roosevelt said he believed Gov. Wilson was sincere, but misled by ideas laid down by political economists.

"We do not at the moment take up the question of a minimum wage generally," Col. Roosevelt said. "We know that in all matters like this it is necessary to proceed slowly. We have studied the conditions among girls and women in industry and know the suffering misery, crime and vice that are produced by an income that is insufficient to enable a girl or woman to keep body and soul together in surroundings of ordinary decency.

"I believe that Mr. Wilson, whose sincerity of conviction I do not question, has been mislead by the fact that he has gotten from laws laid down by political economists who wrote when conditions were utterly different."

Atlanta, Ga., Sept. 9.—Dr. John E. White, pastor of the Second Baptist church, had a narrow escape from death today when his horse became frightened and ran away on Washington street, while the minister was on the way to a funeral service. Dr. White jumped from the buggy. He was bruised in the fall and his foot sprained. His injuries are not serious.

BUSINESS LOCALS

Advertisements inserted under this head, One Cent per word for each insertion, but no advertisement taken for less than 25c. Additional words, more than 25, One Cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amounts being too small to warrant a charge. The Star will send without charge, a Western Union Messenger to any address in the city for advertisements in this department upon request by 'Phone to No. 51. A Messenger will also call for telegrams for the Western Union Telegraph Company, or for notes or small packages to be delivered anywhere in the city. No charge for collecting the telegrams, but a small charge for strictly Messenger Service calls will be made, or telephone subscribers may at any time telephone their telegrams; bills rendered to suit the sender, daily, weekly or monthly. For this service, call "Western Union." But for advertisements, always call the Star office, No. 51. Copy for Business Locals cannot be taken over the telephone—but upon request Messenger will be dispatched to any part of the city for them.
